

12, Oklahoma City, OK

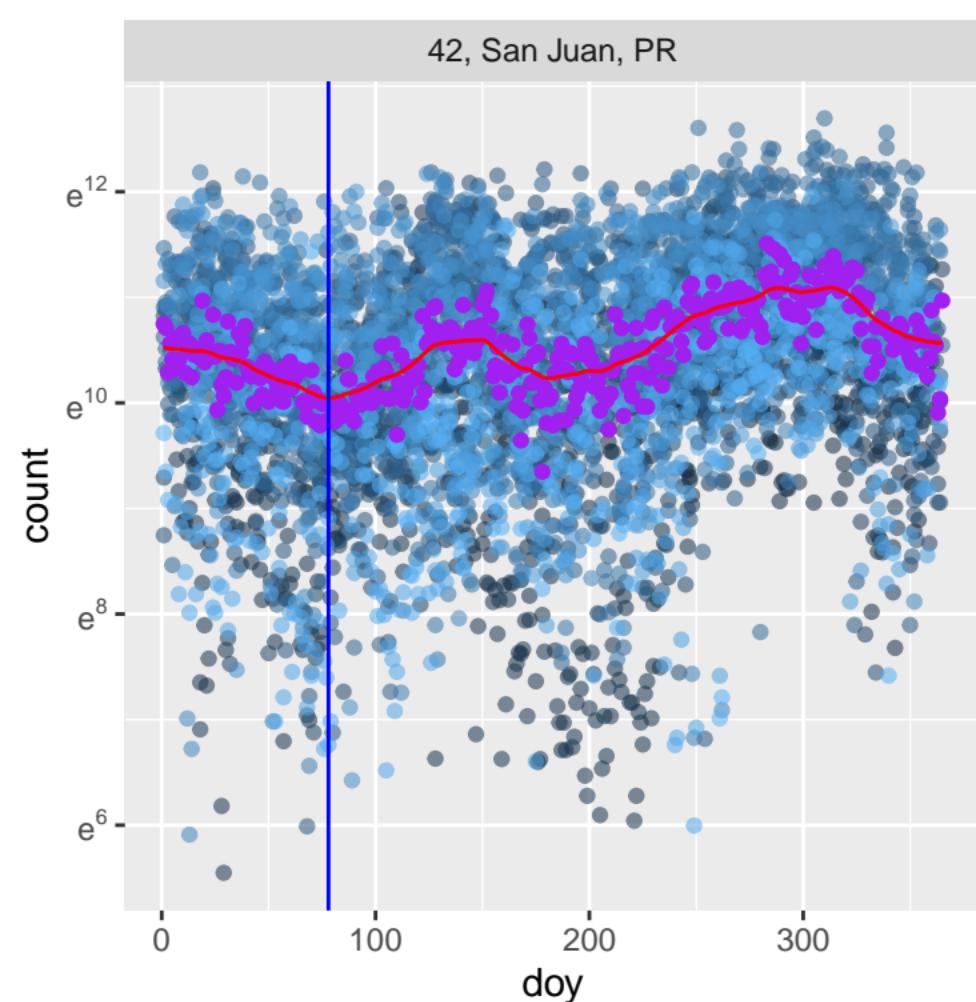

lambda = 100  
offset = 1  
year

12, Oklahoma City, OK

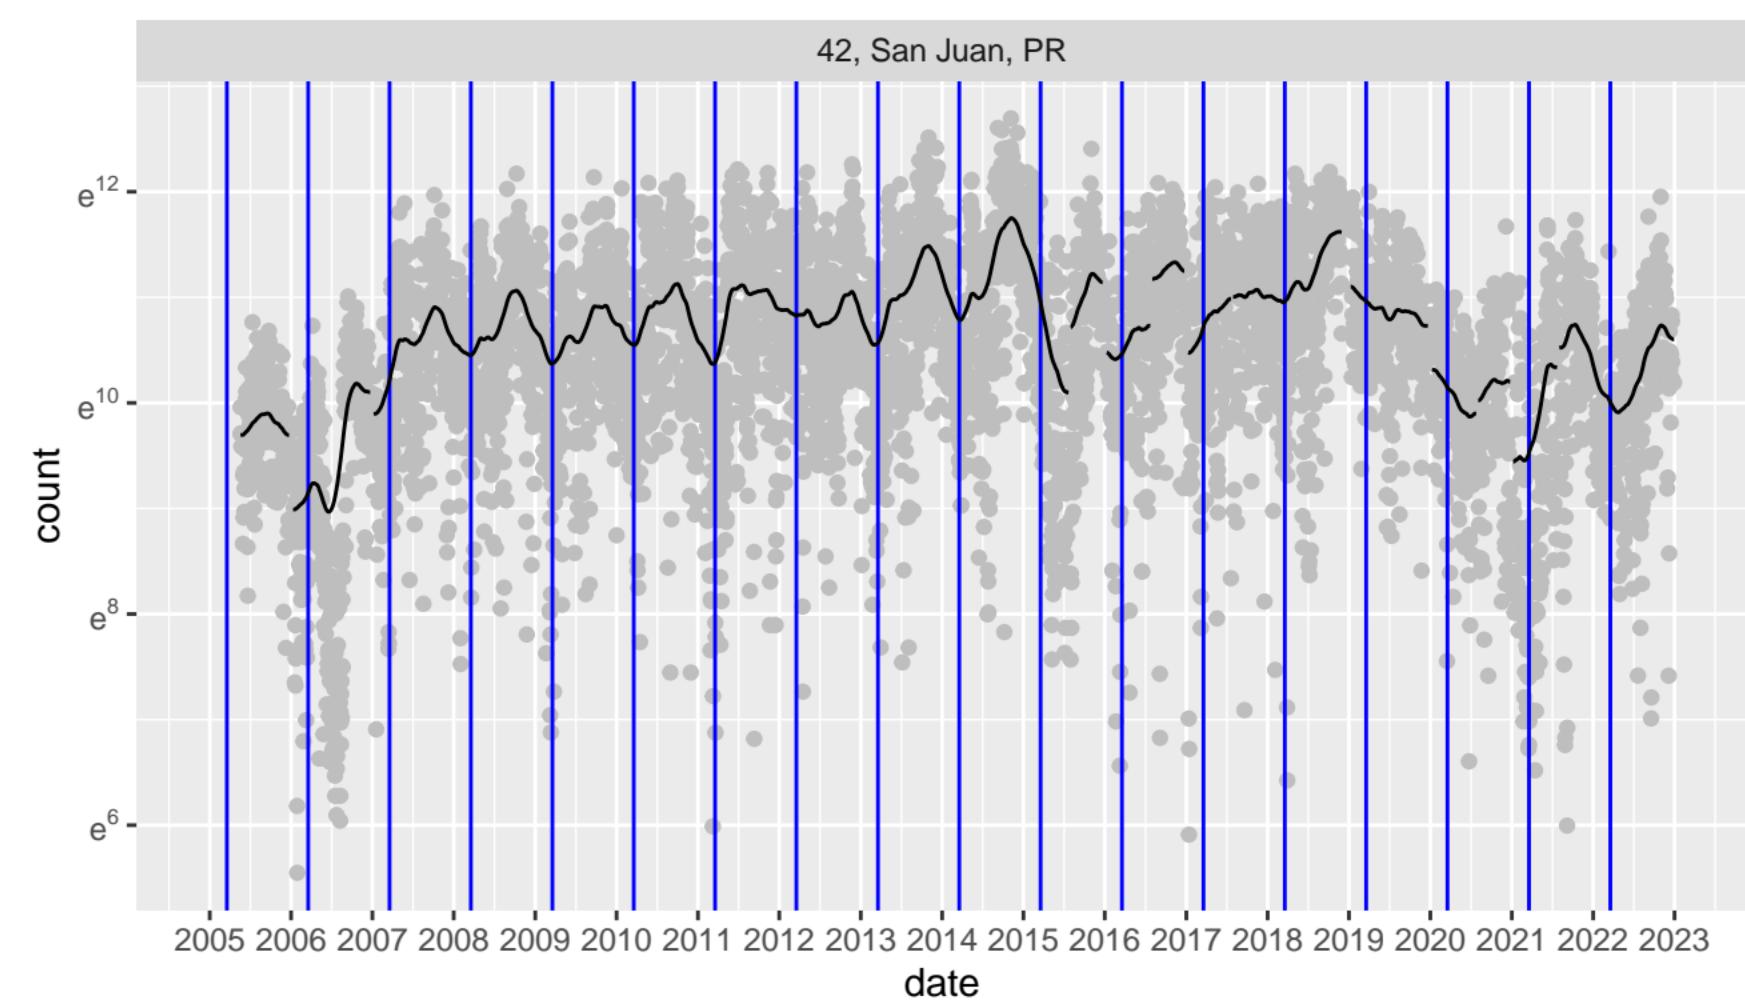

42, San Juan, PR

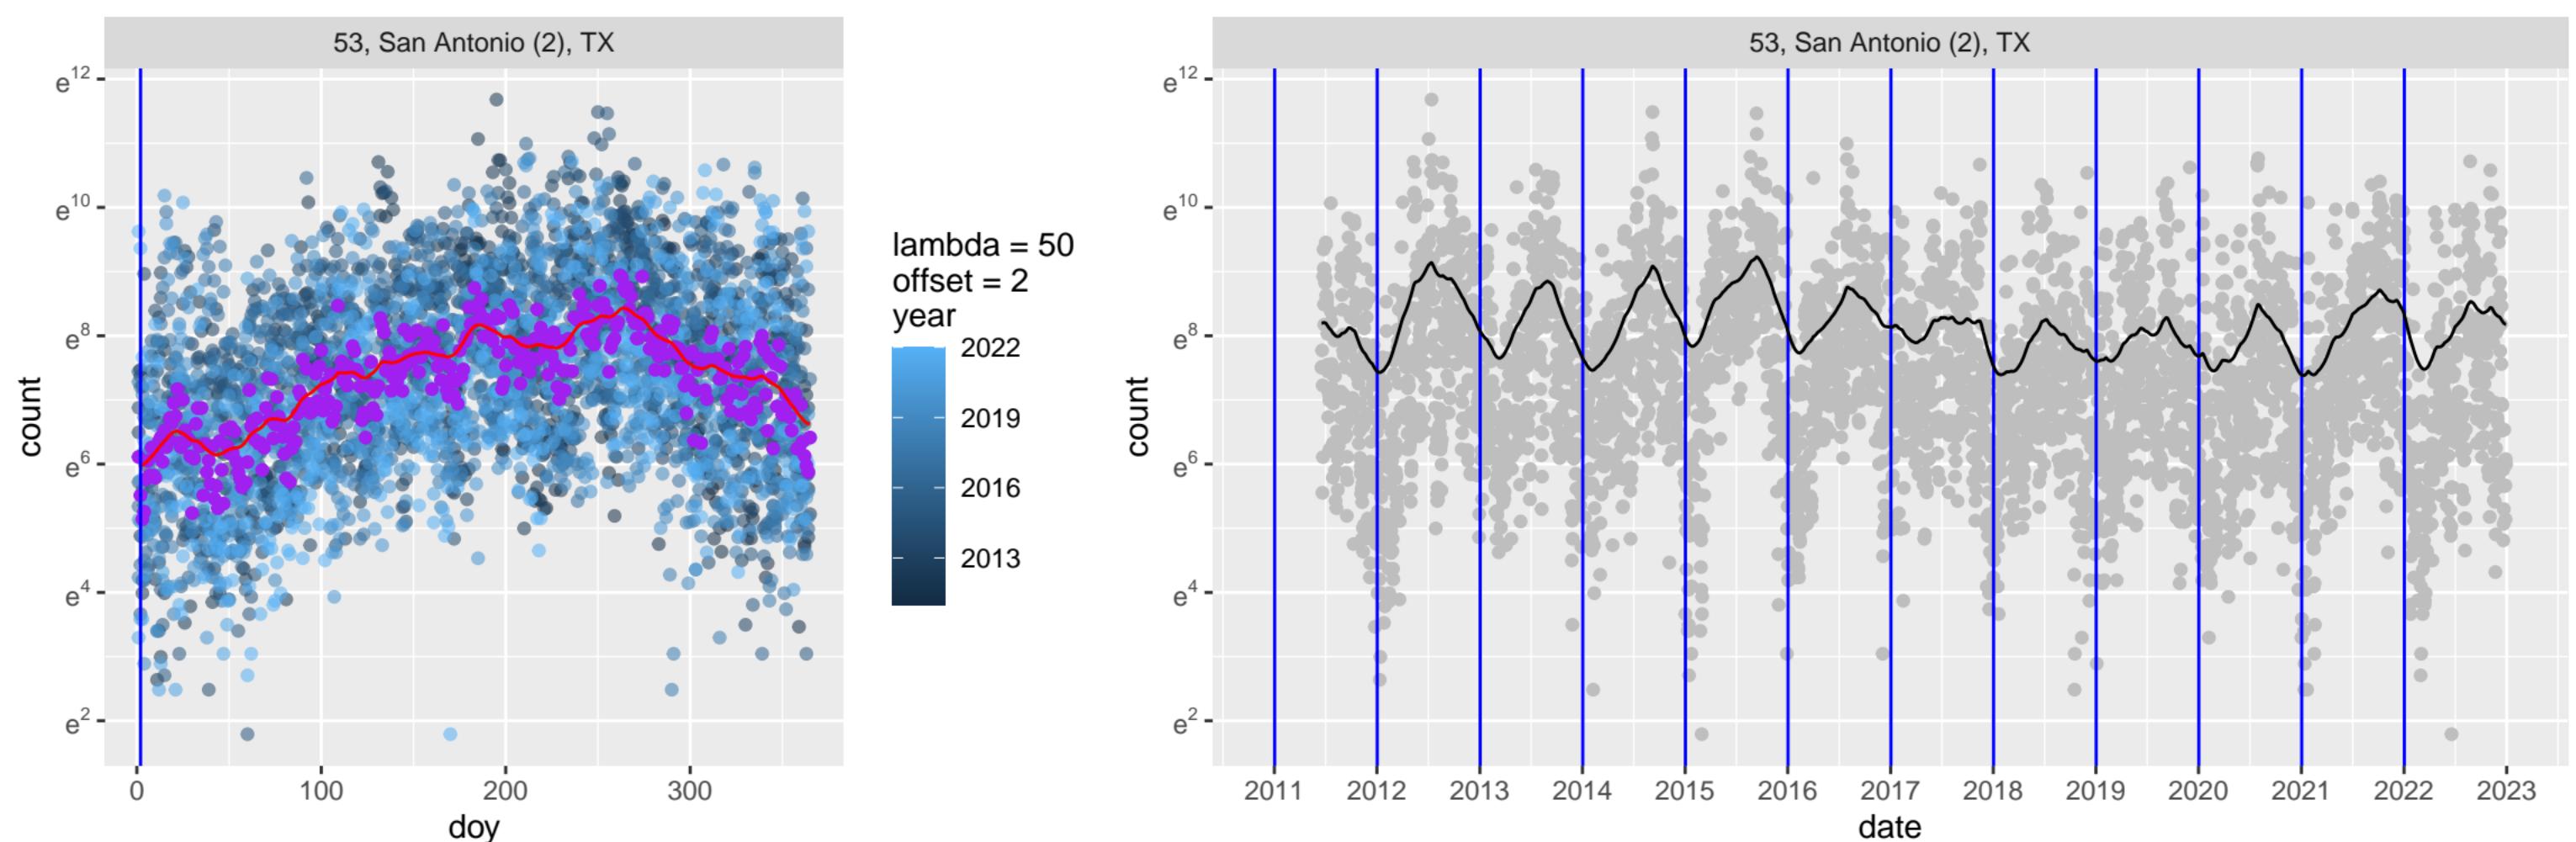

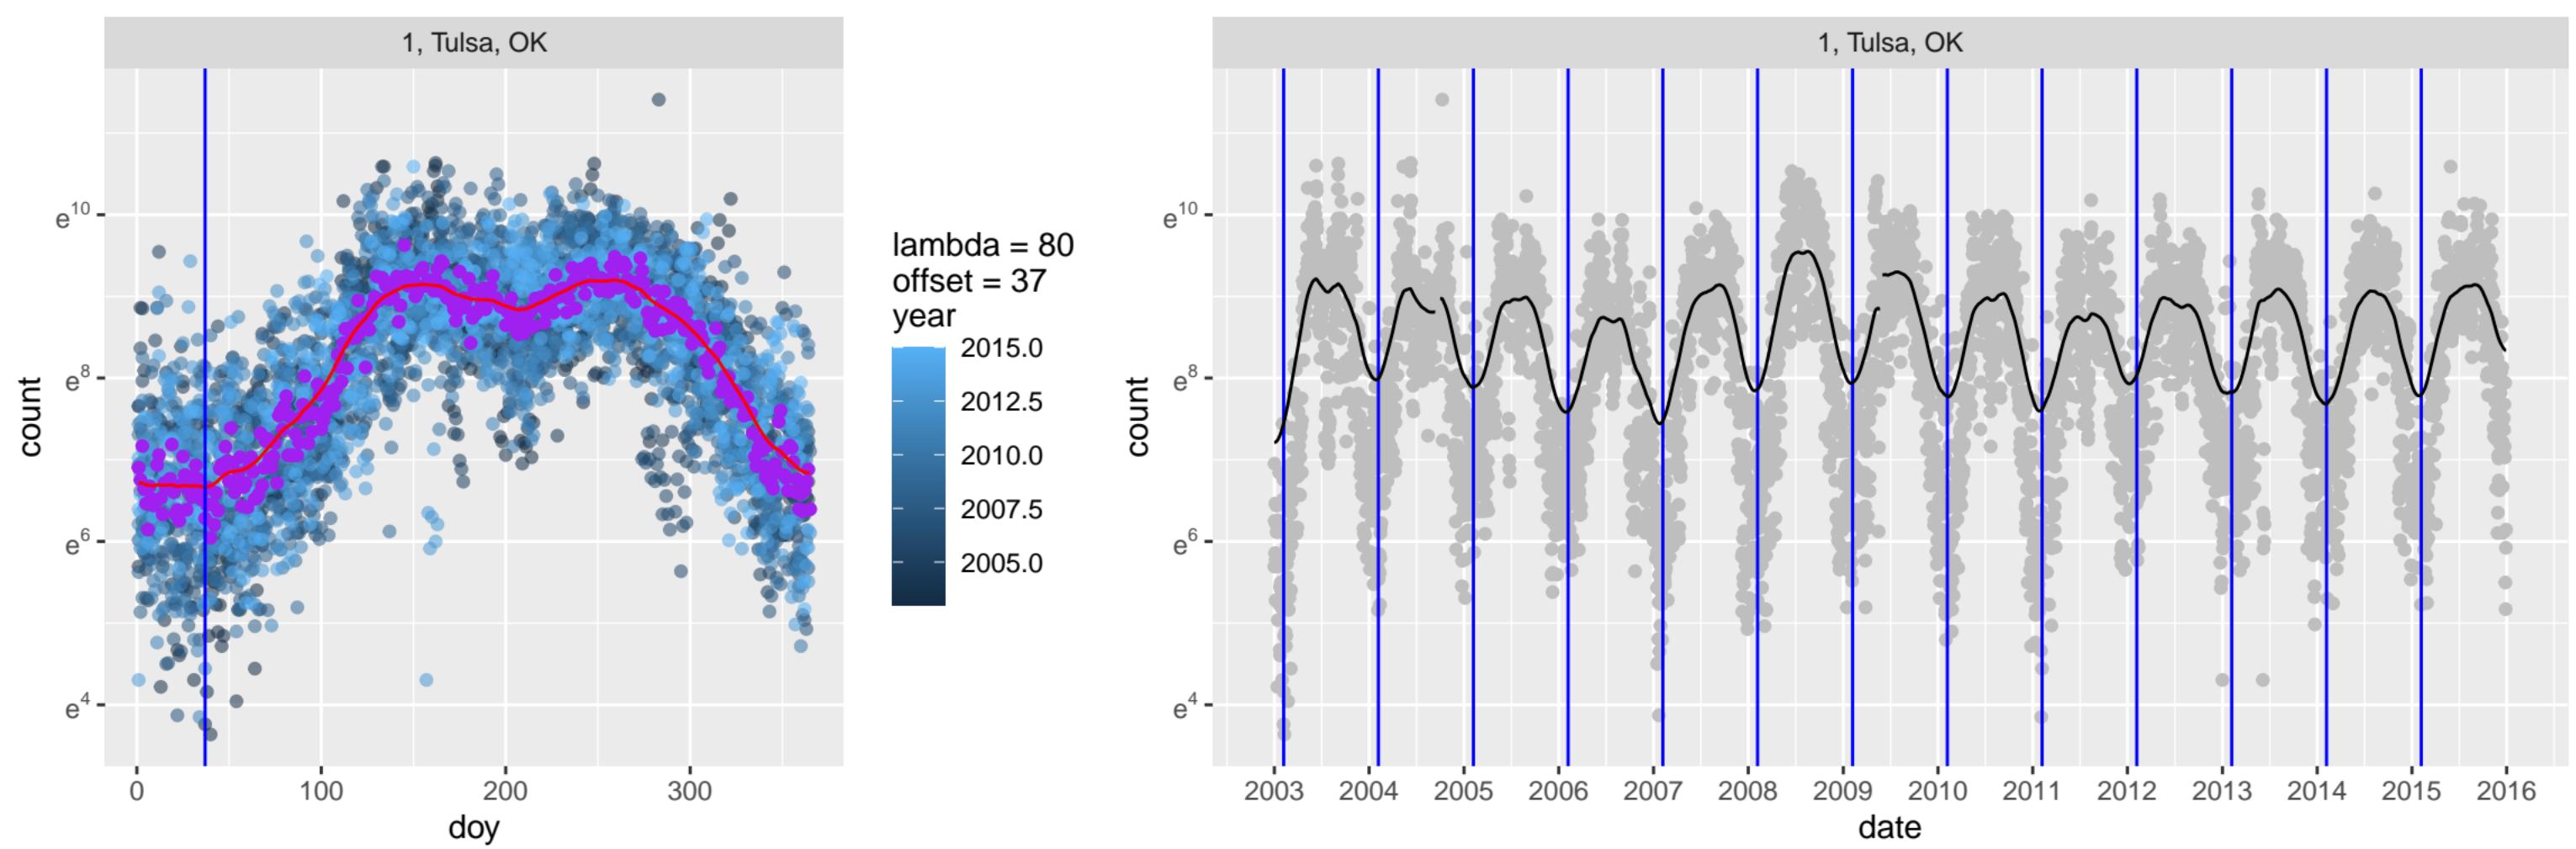

lambda = 100  
offset = 78  
year

A vertical color bar indicating the year for each data point, ranging from 2005 (darkest blue) to 2020 (lightest blue).

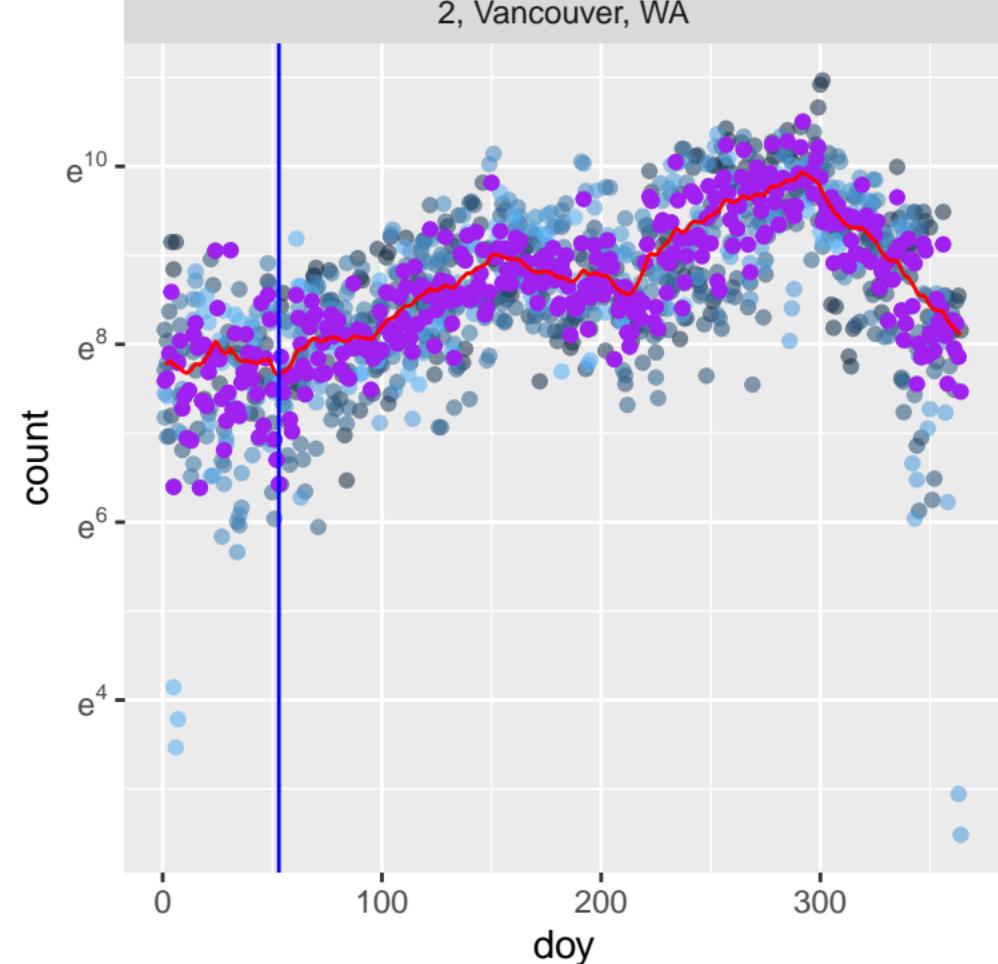

42, San Juan, PR

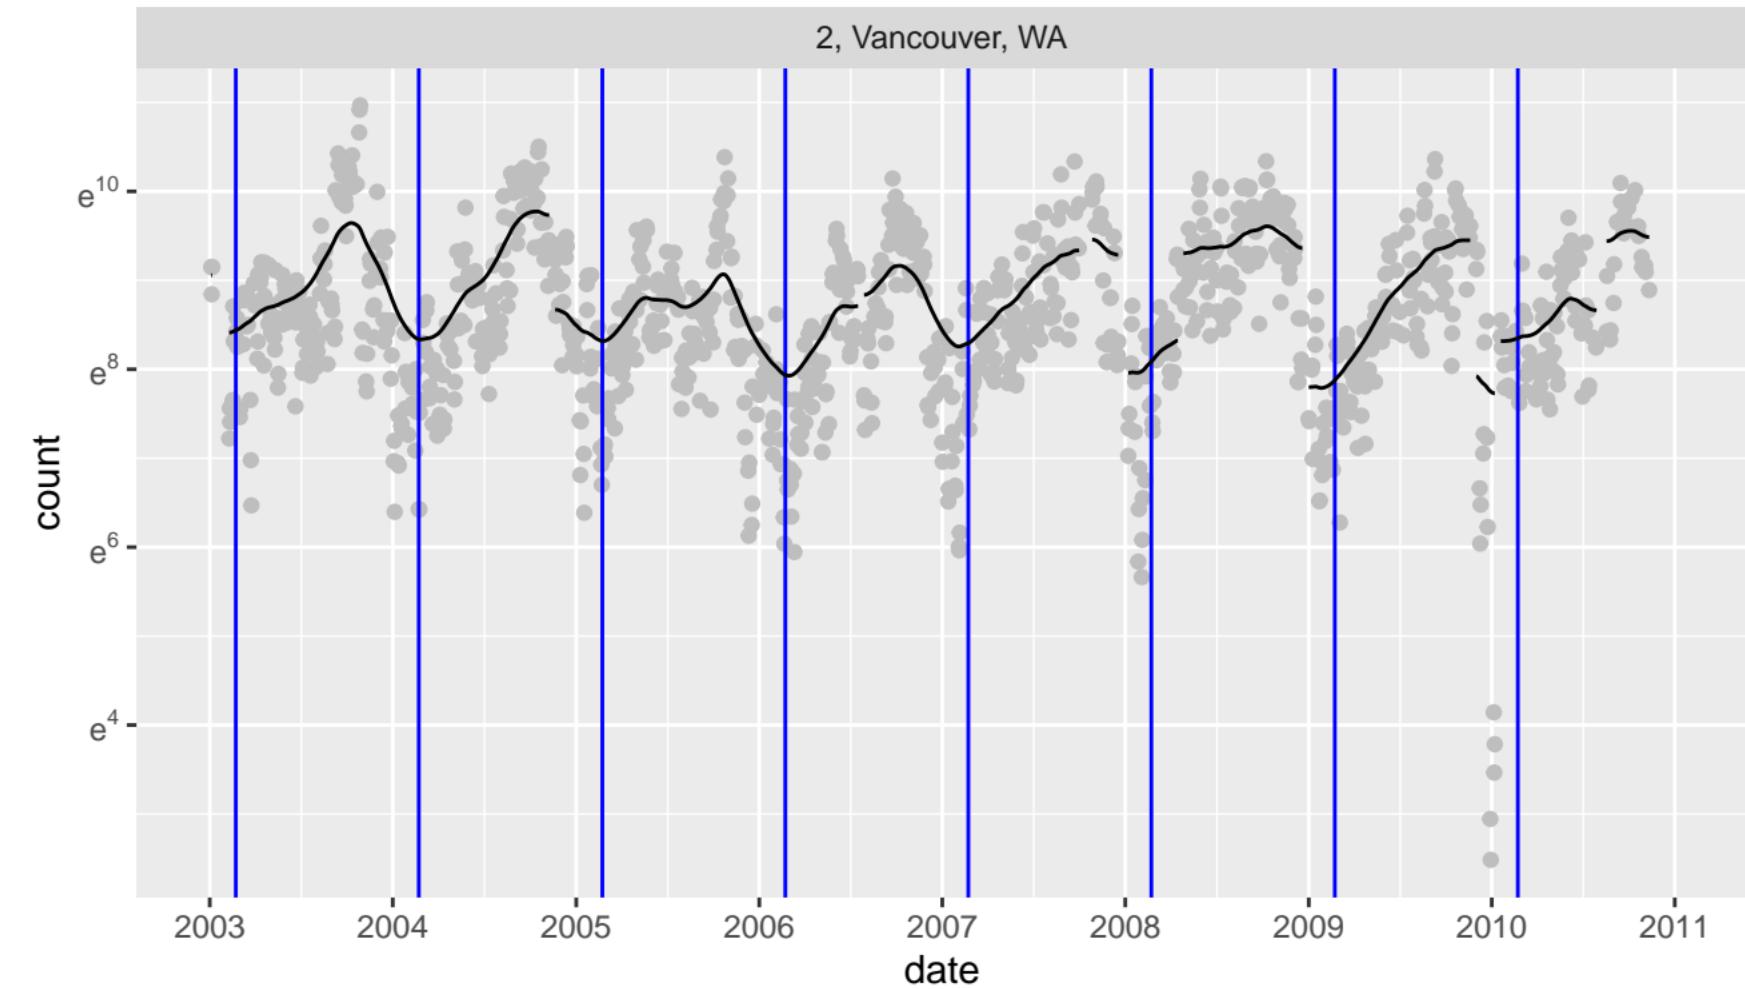

2, Vancouver, WA

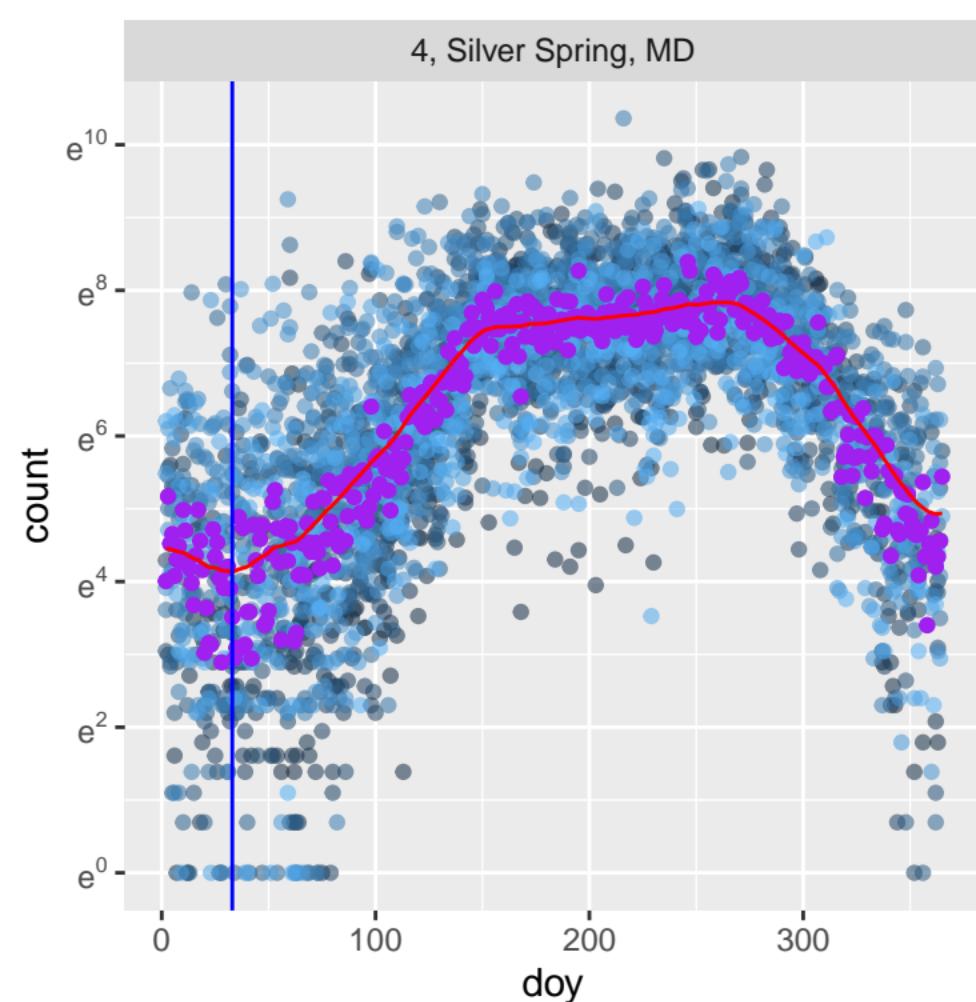

lambda = 25  
offset = 53  
year

A vertical color bar showing a gradient from dark blue to light blue, corresponding to the years 2004 through 2010. The color bar is labeled with the years 2010, 2008, 2006, and 2004 at the bottom.

2, Vancouver, WA

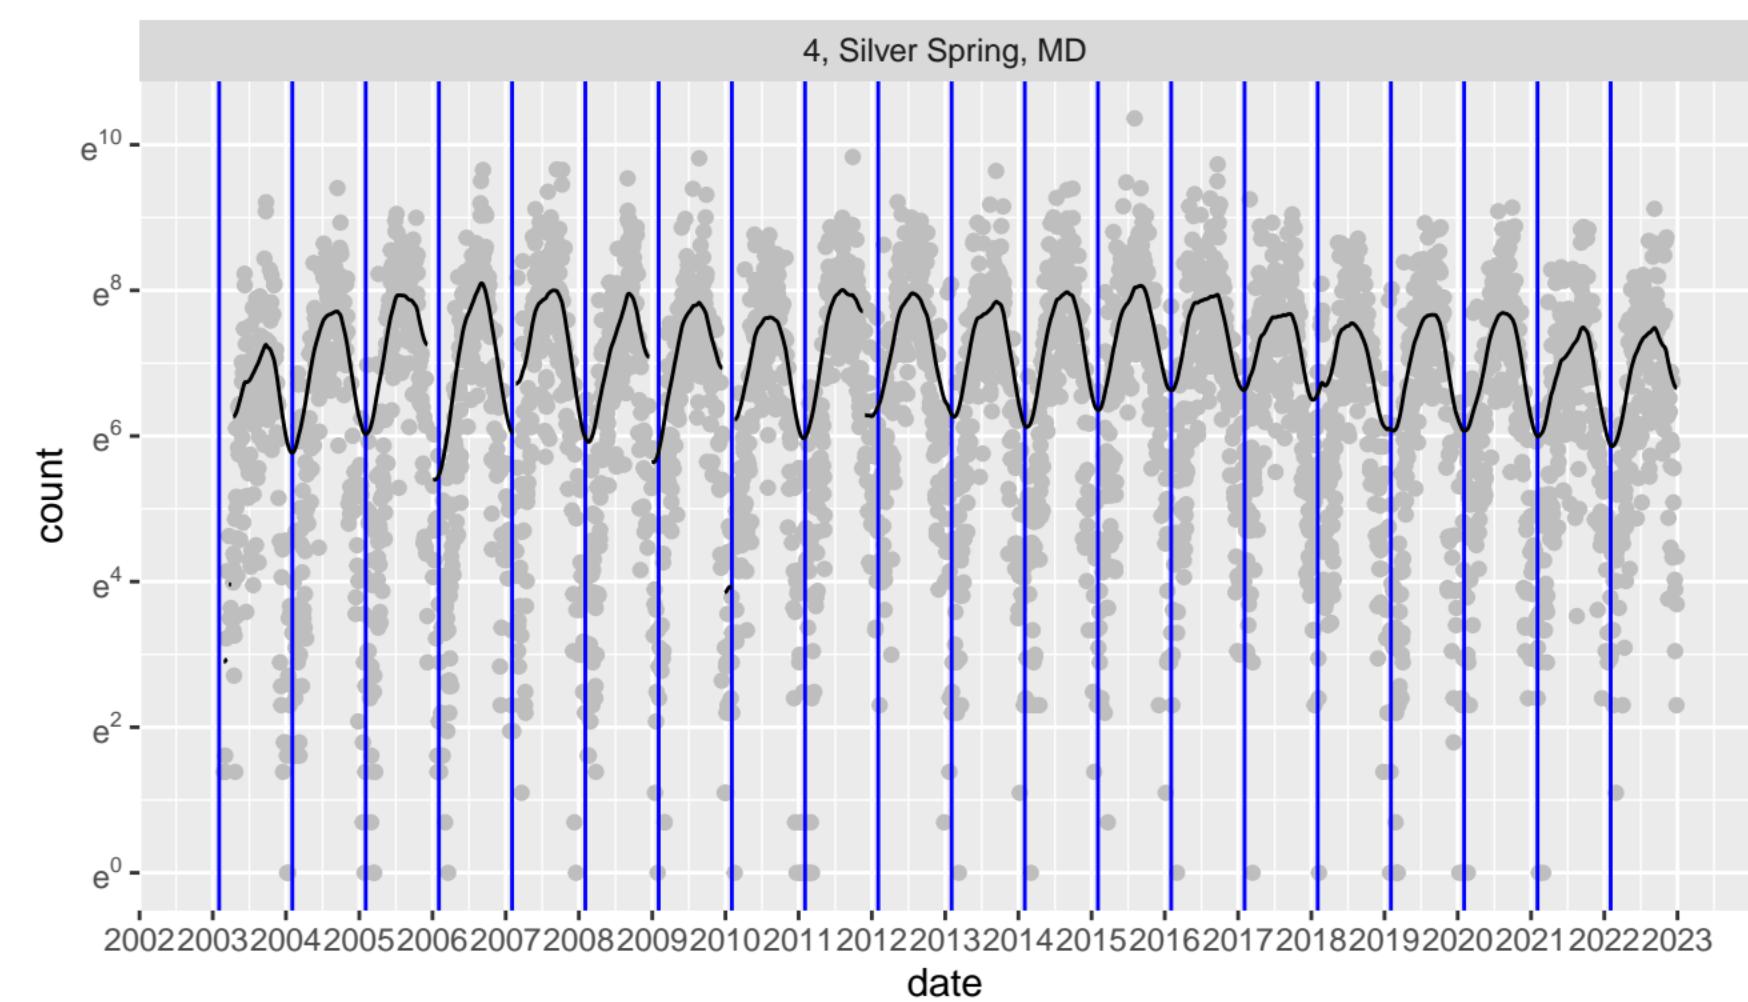

4, Silver Spring, MD

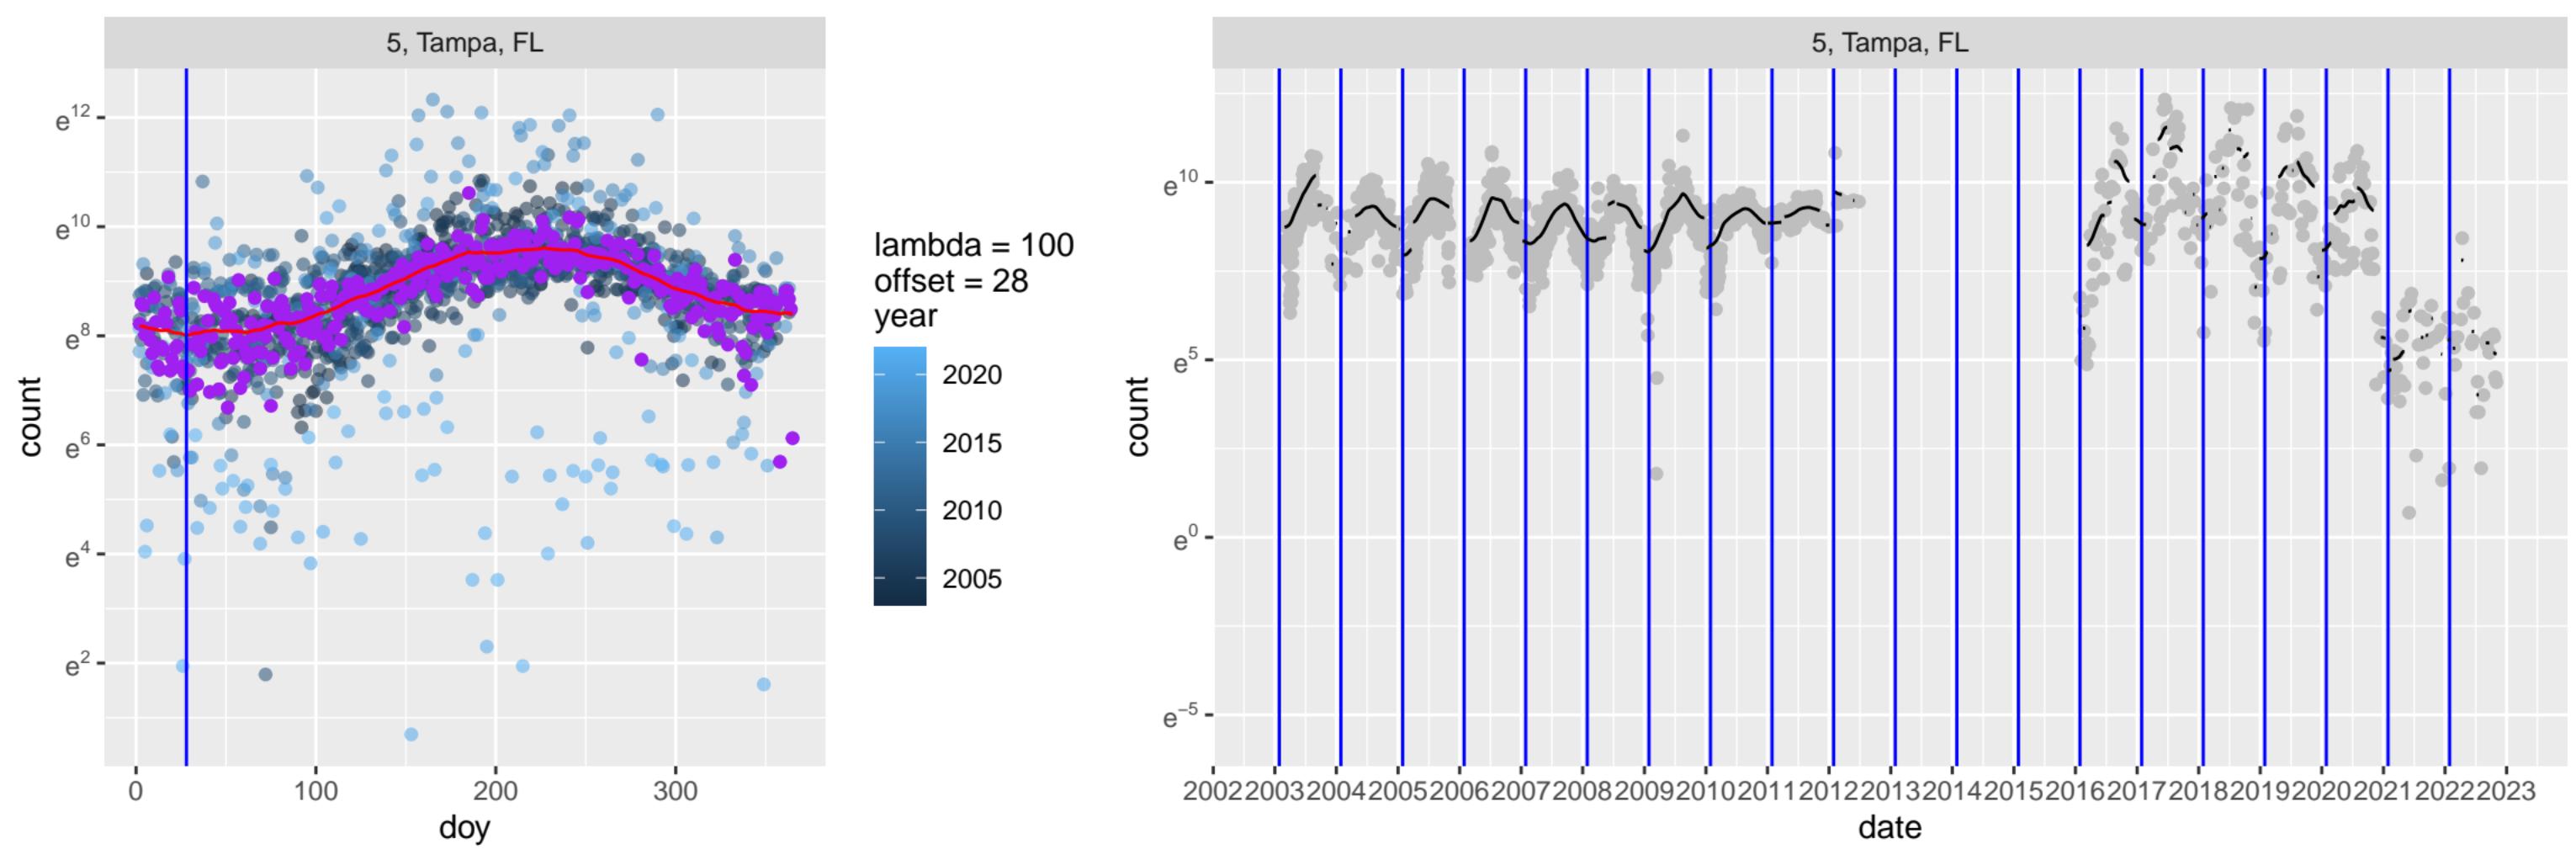

lambda = 100  
offset = 33  
year

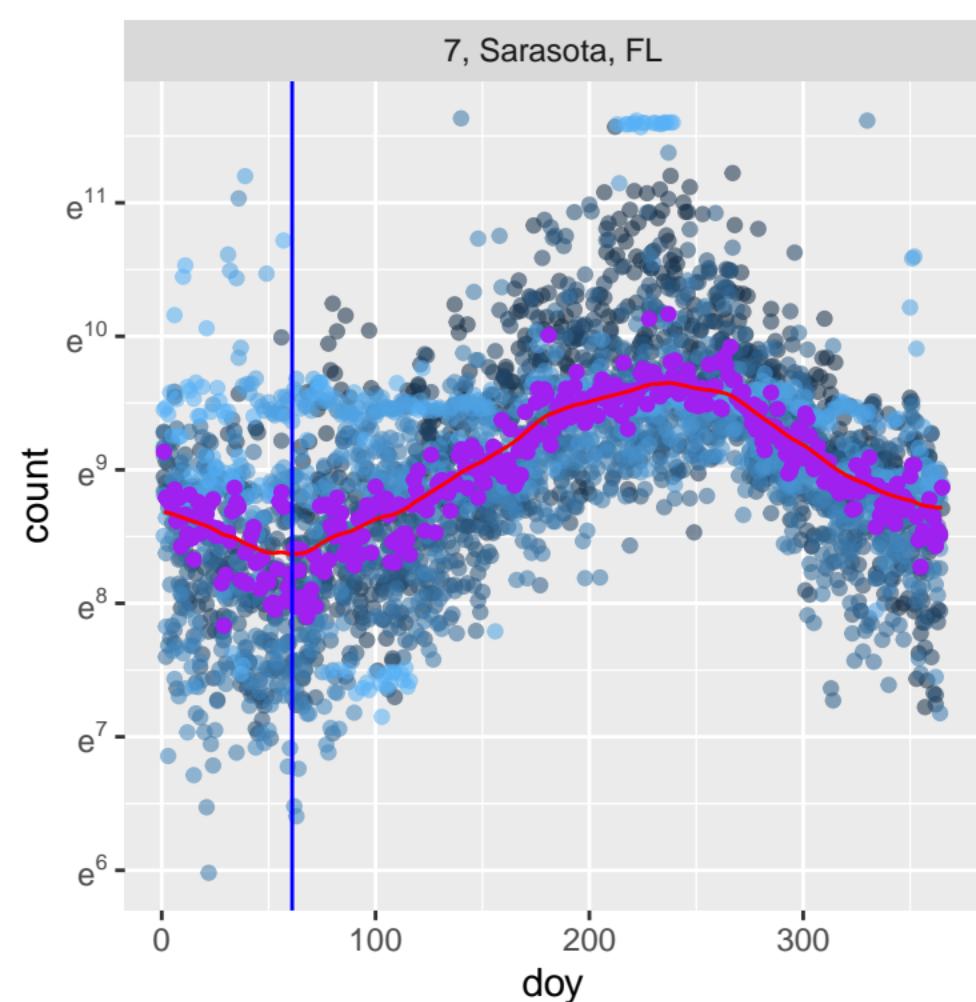

A vertical color bar showing the color mapping for each year from 2005 to 2020, corresponding to the color scale in the scatter plot.

4, Silver Spring, MD

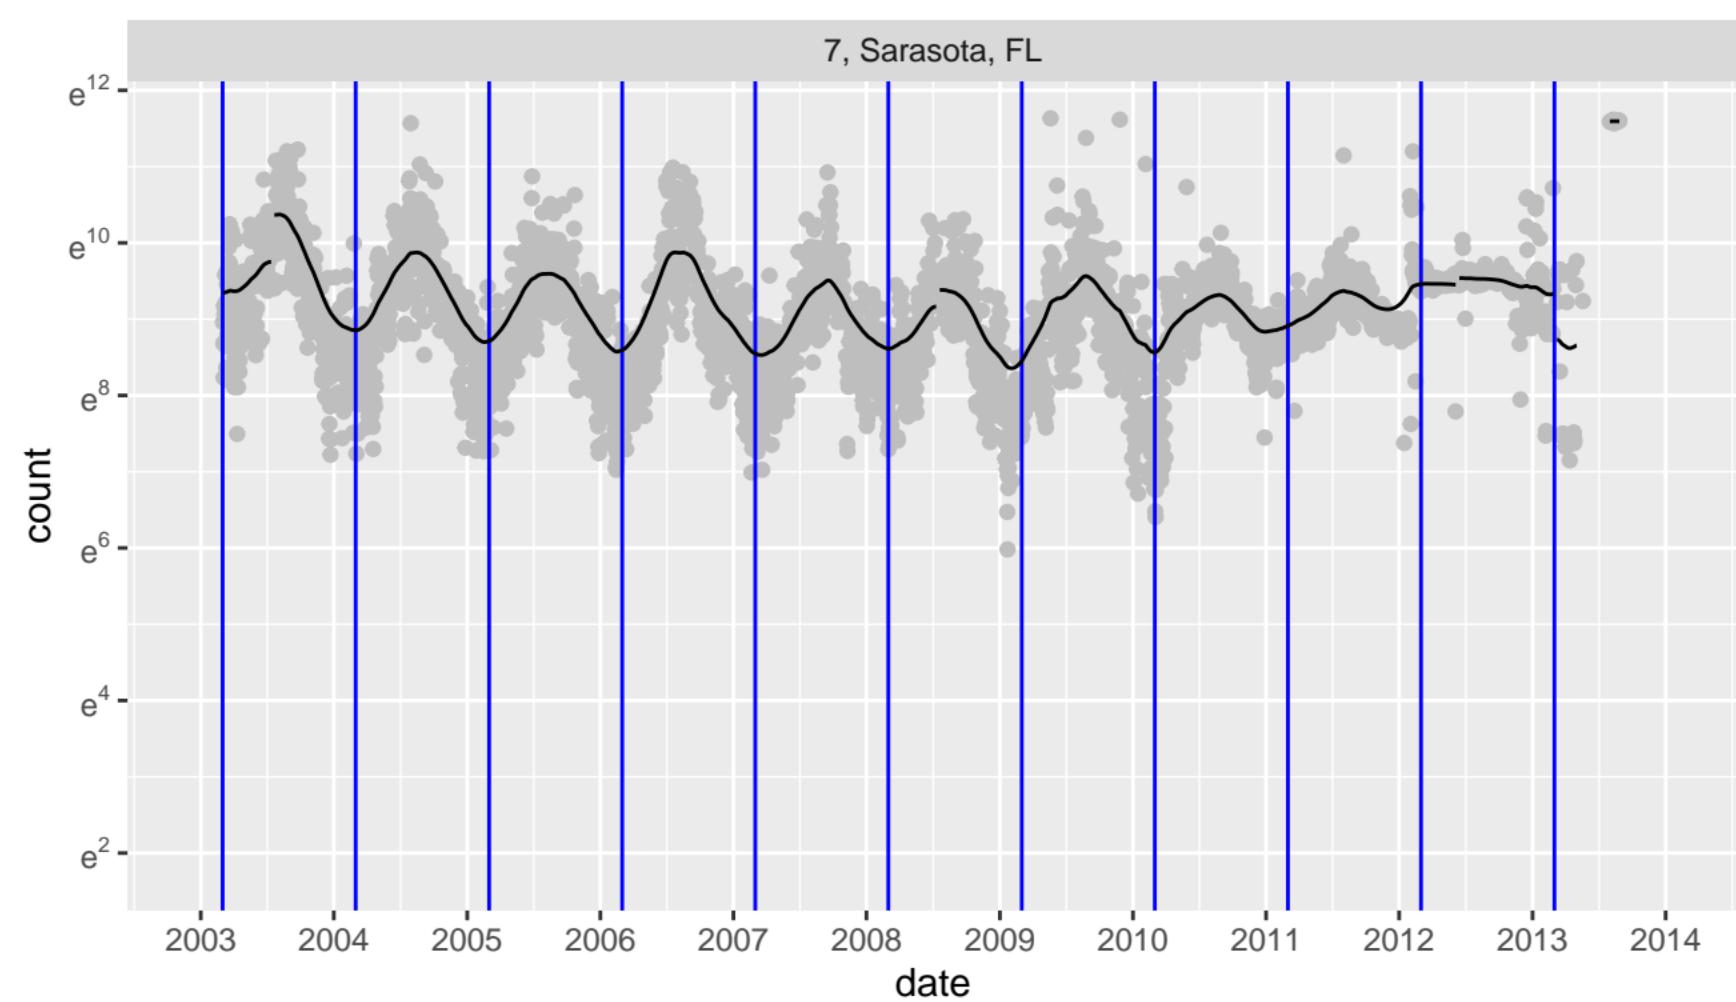

7, Sarasota, FL

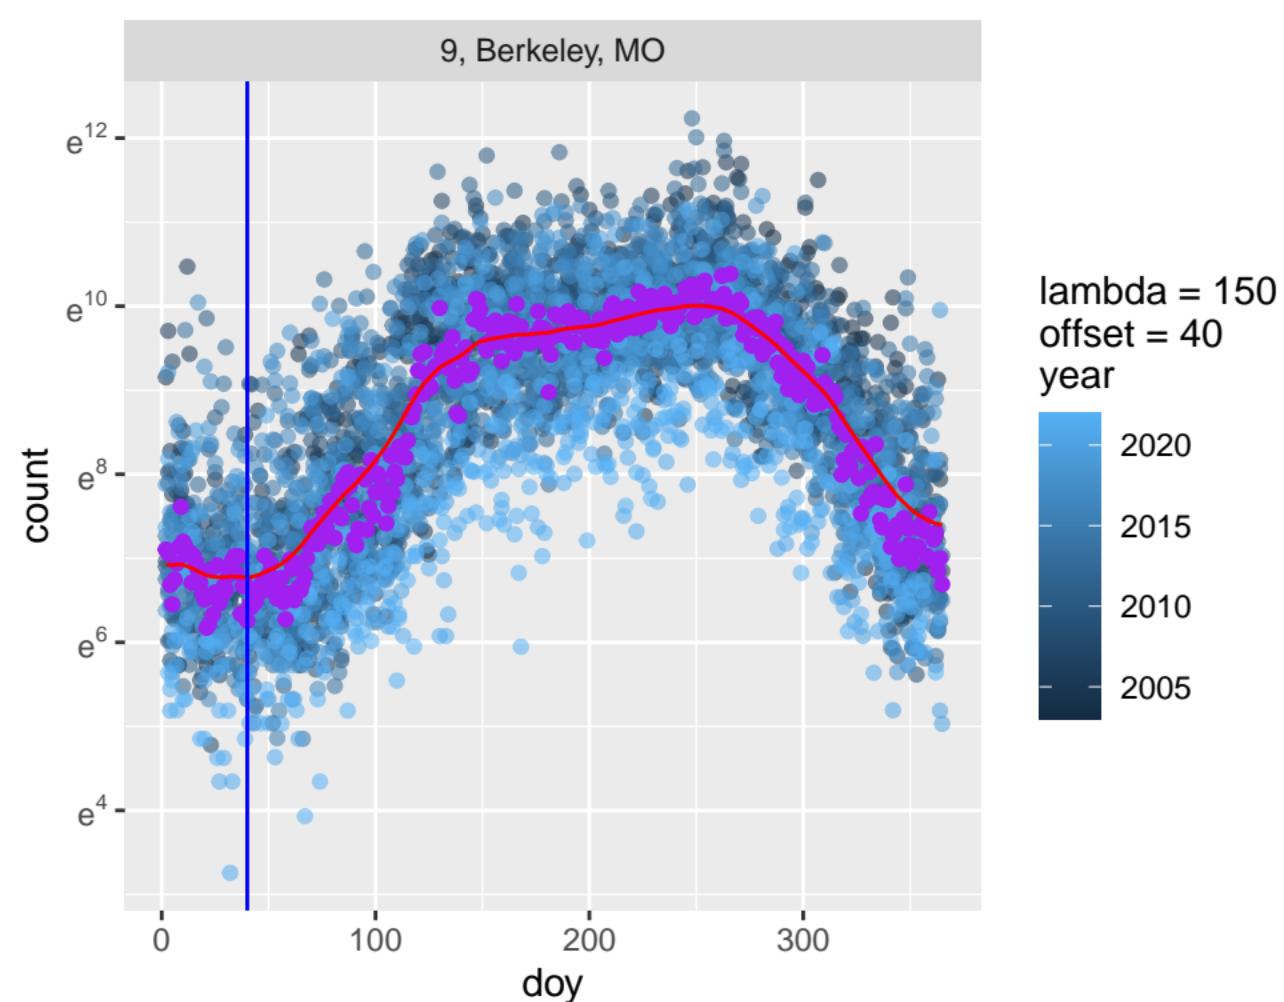

lambda = 200  
offset = 61  
year

2010.0  
2007.5  
2005.0

7, Sarasota, FL

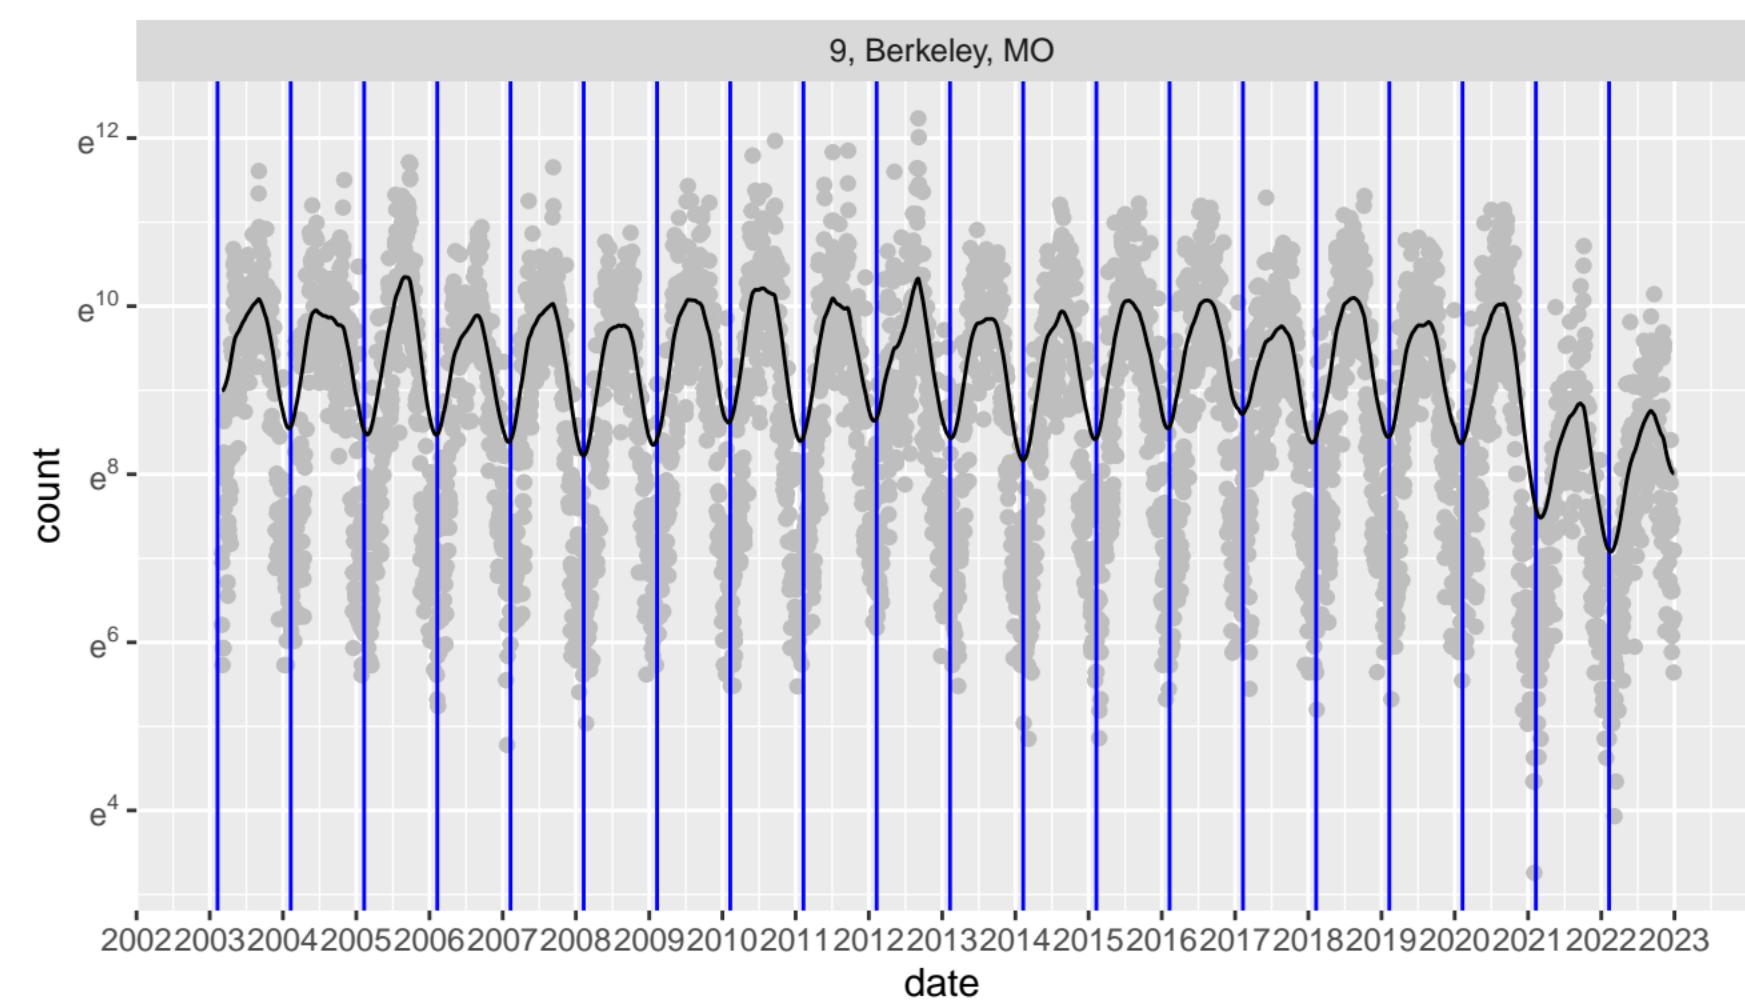

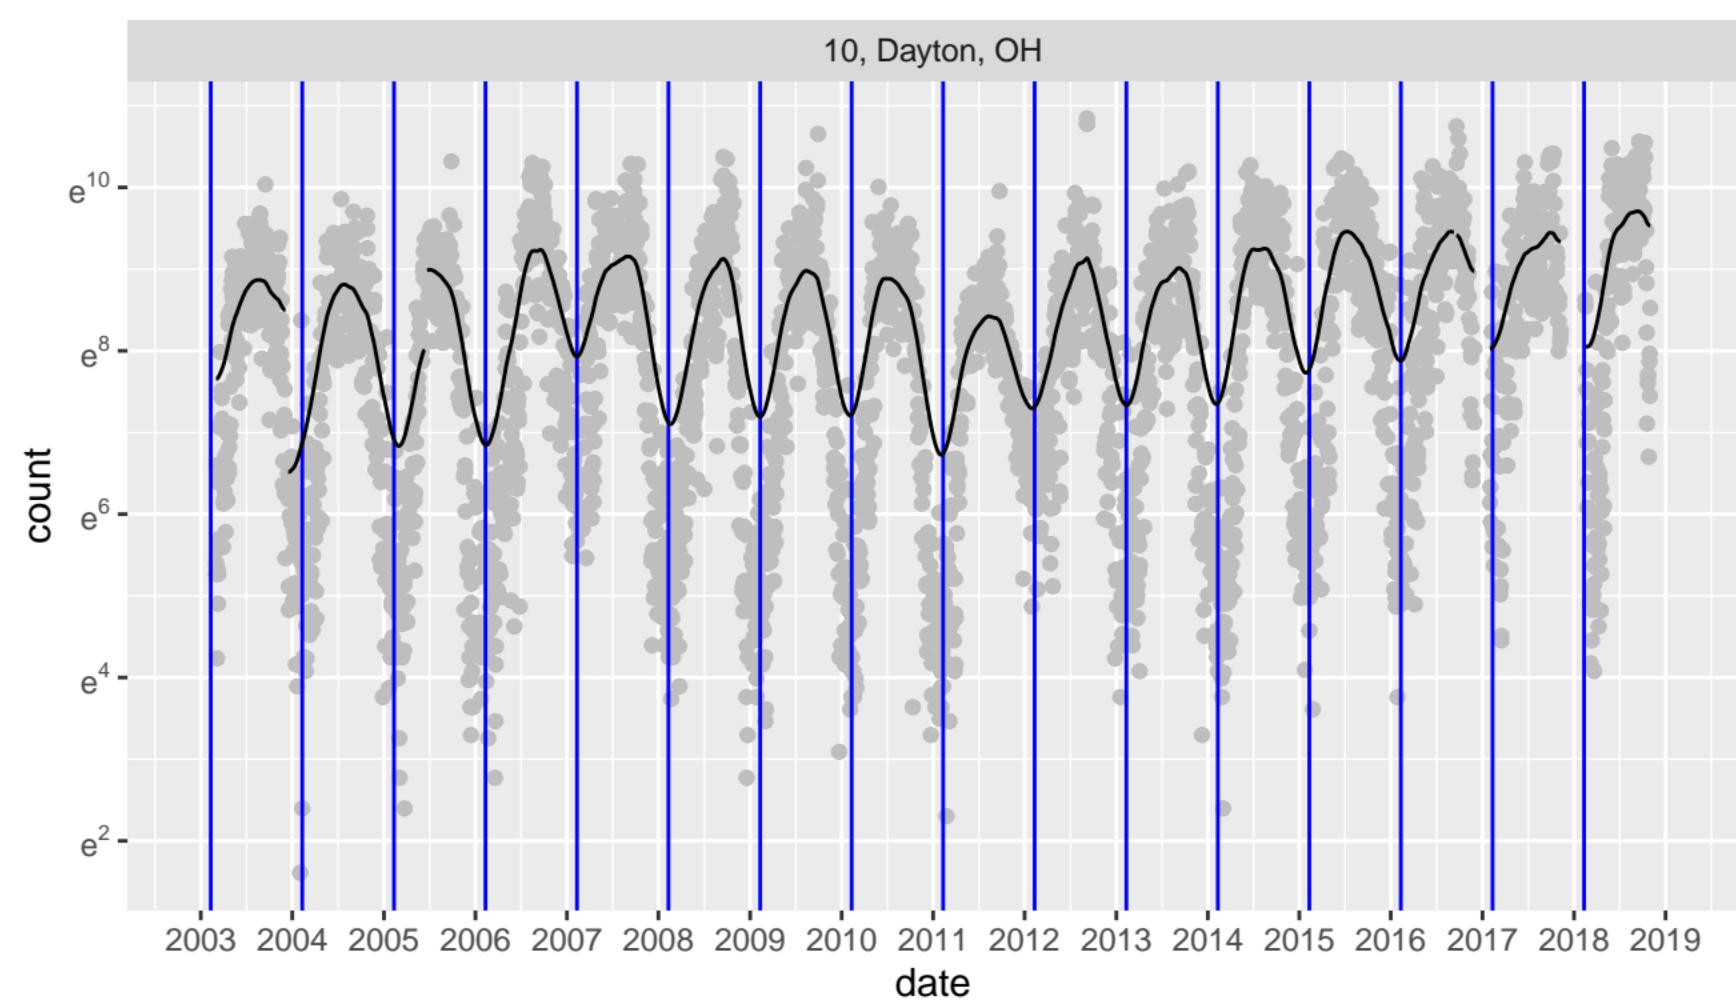

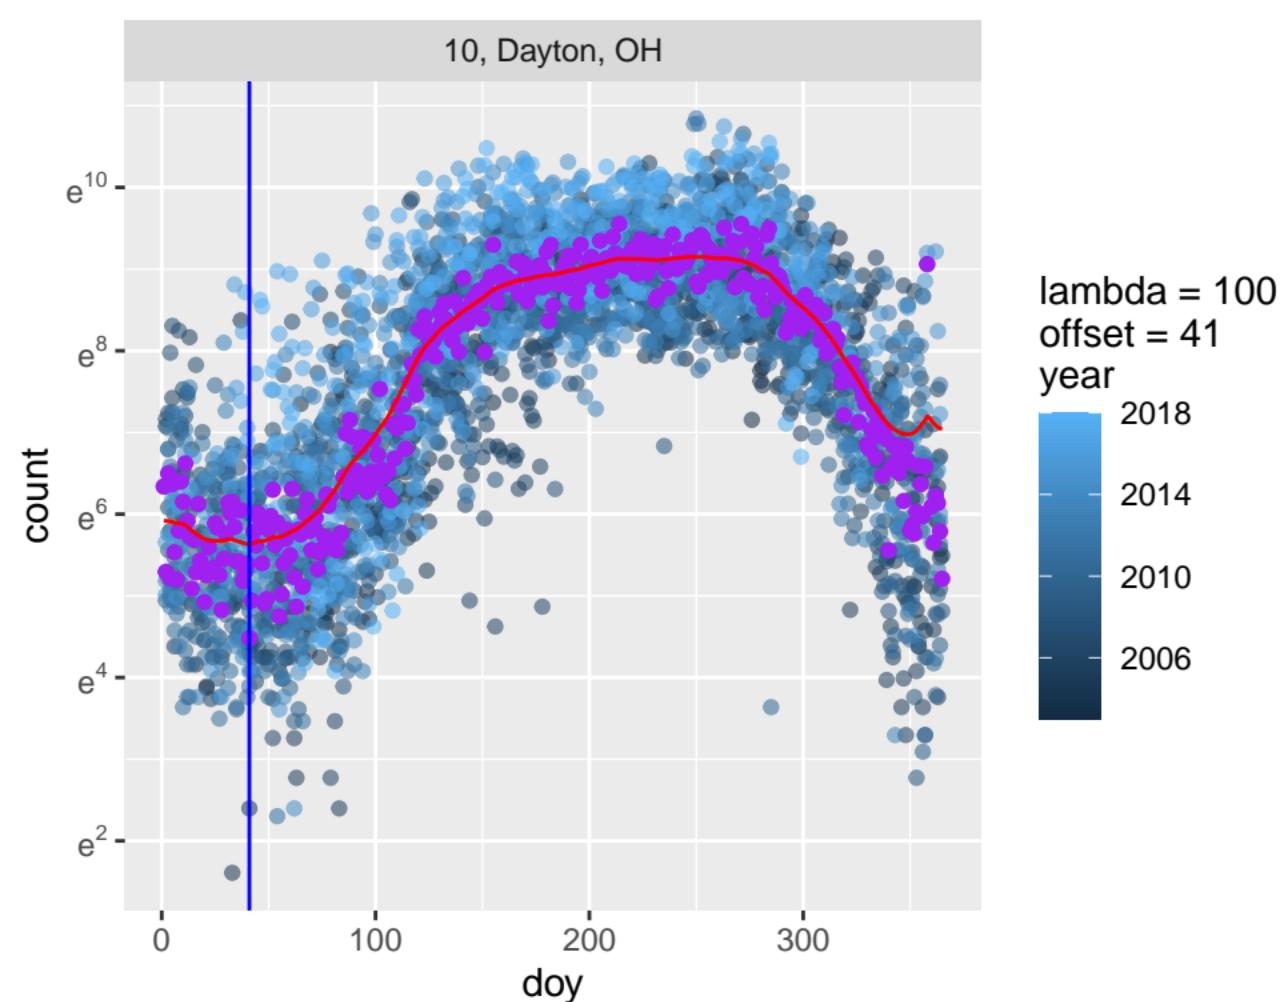

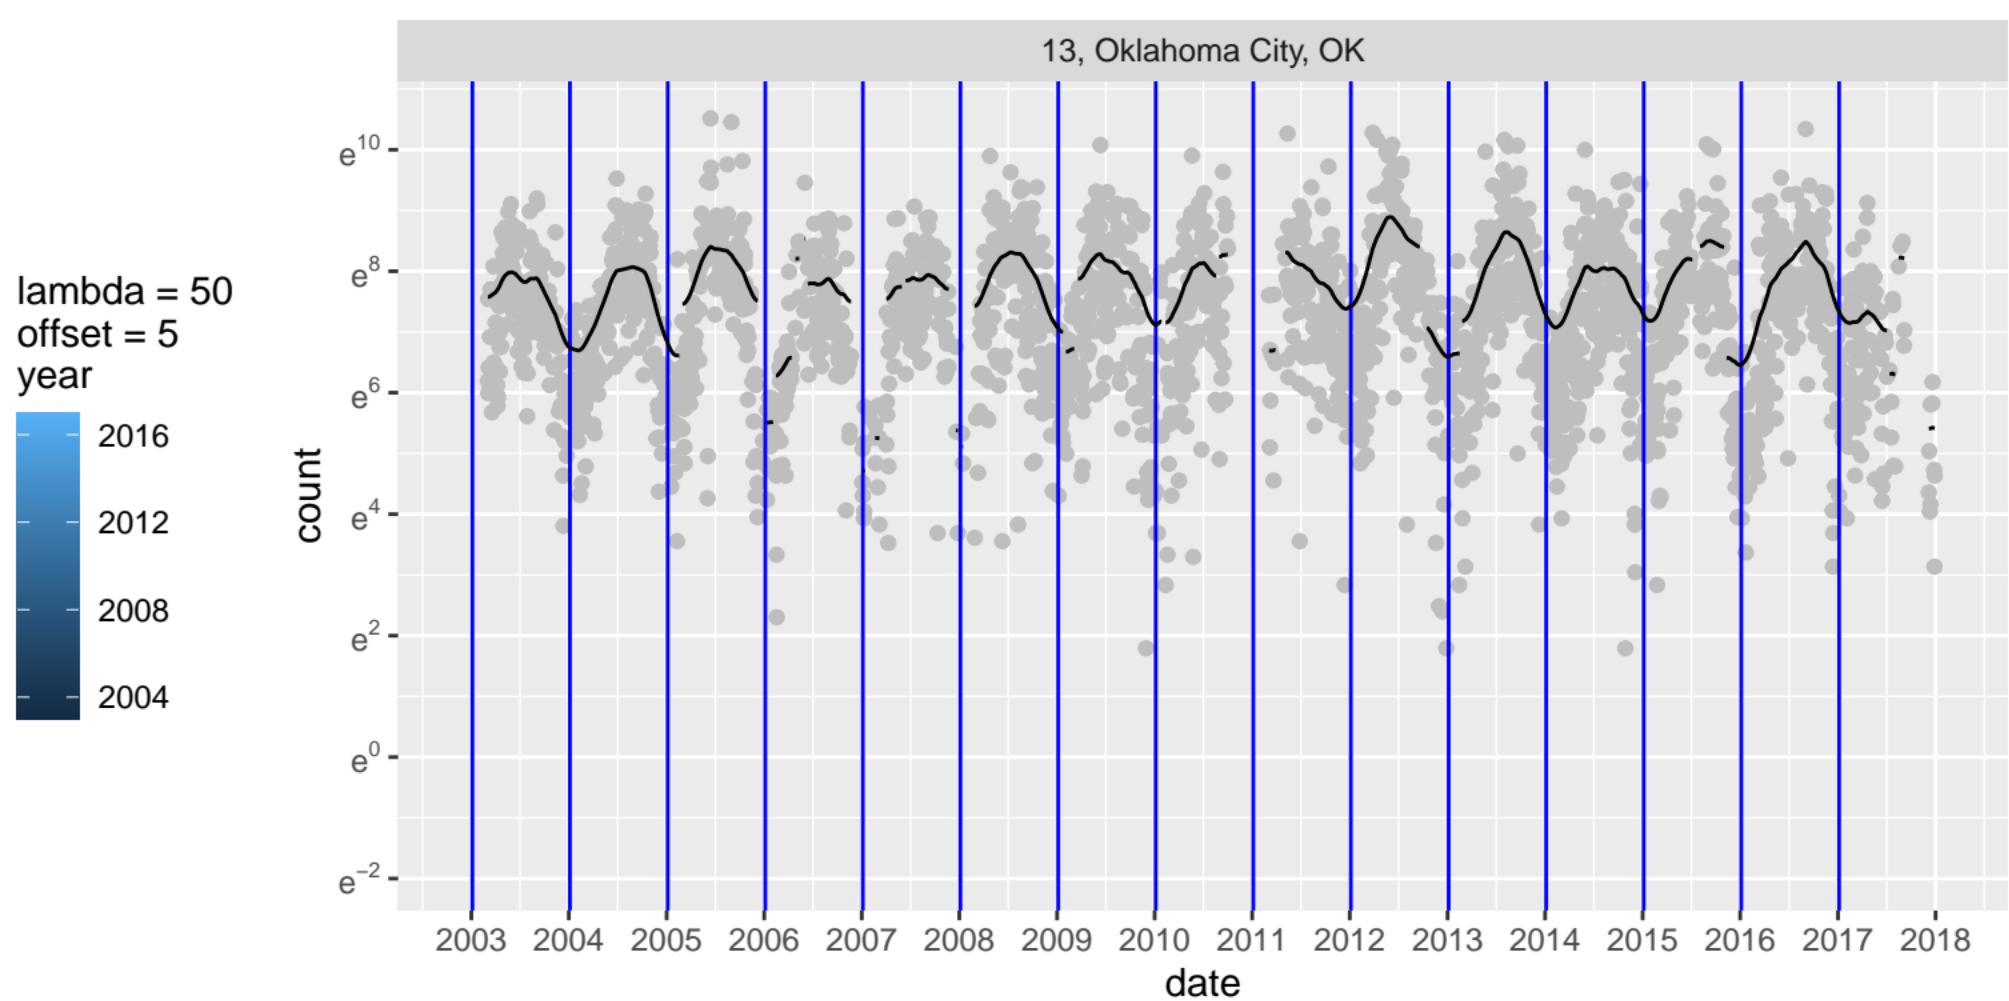

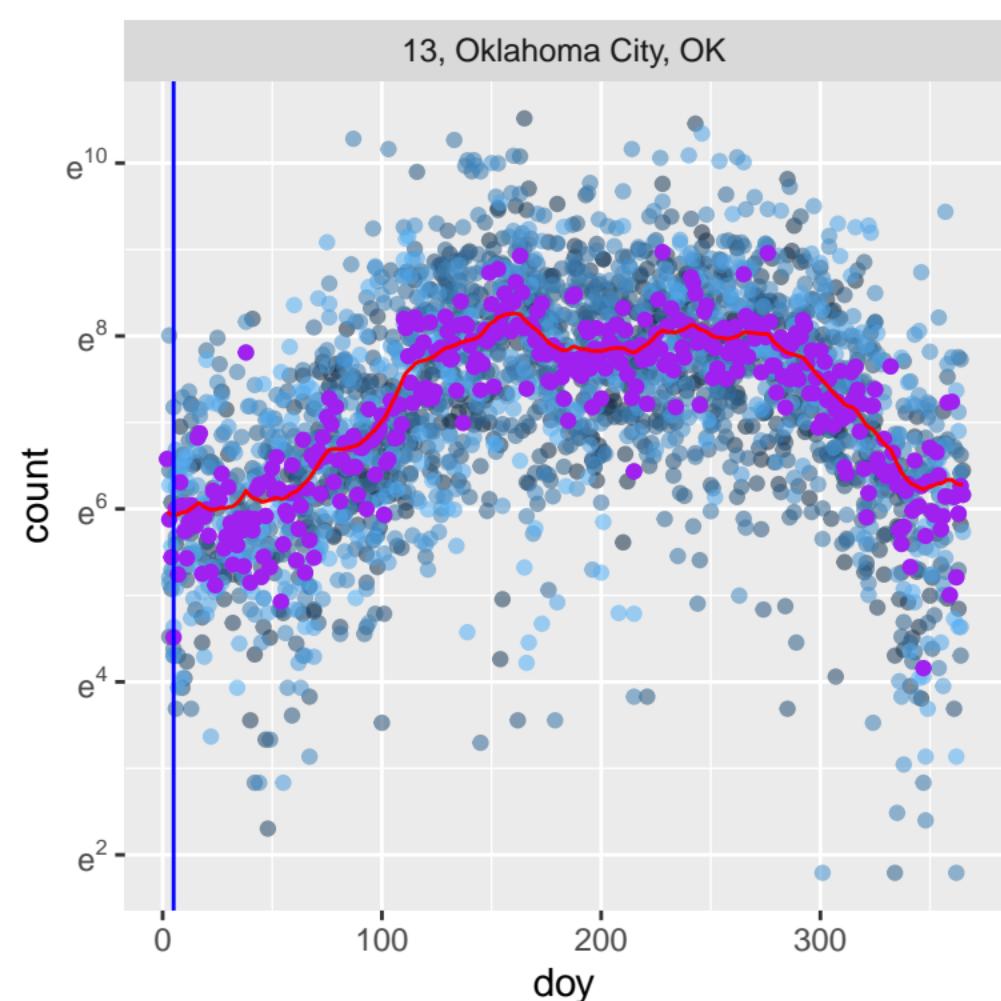

lambda = 150  
offset = 40  
year

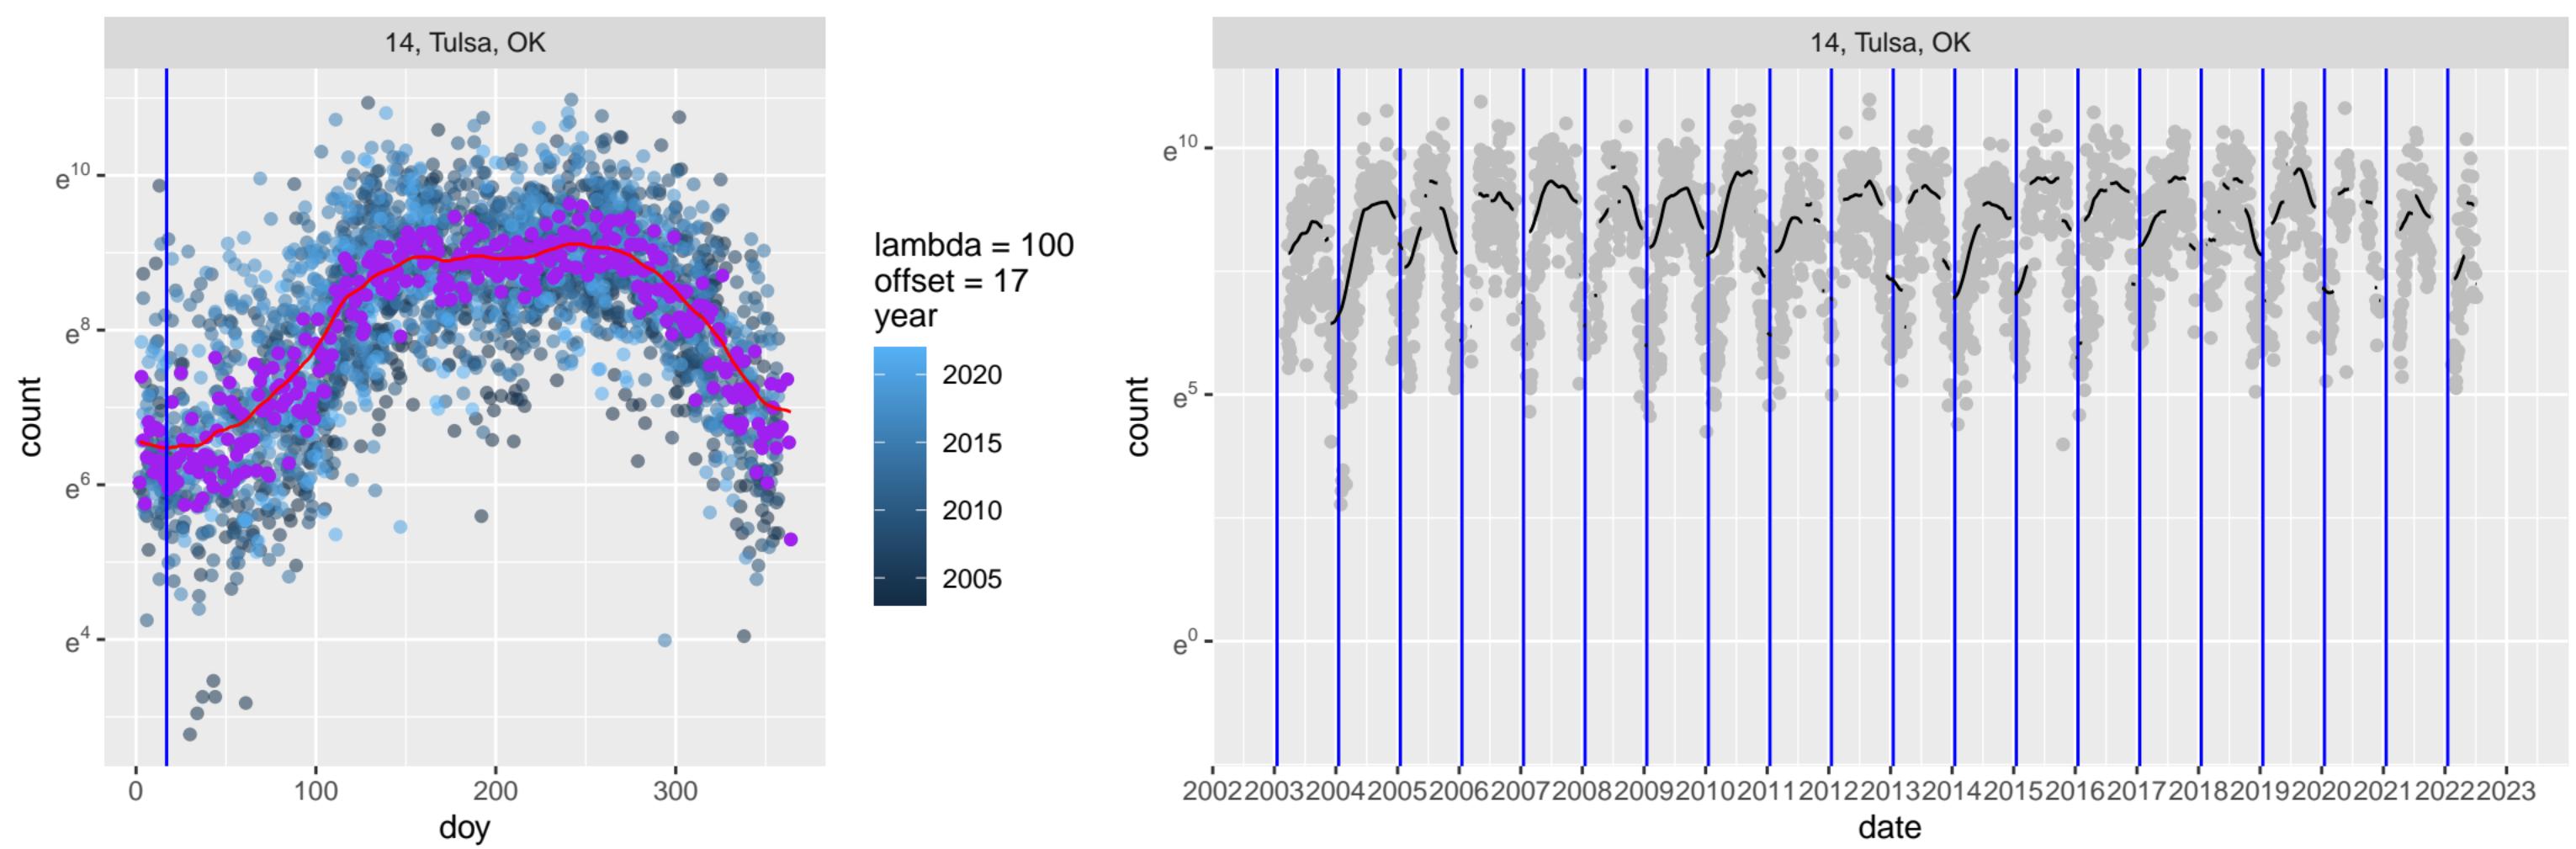

A vertical color bar showing the color mapping for each year from 2005 to 2020, corresponding to the color scale in the scatter plot.

2020  
2015  
2010  
2005

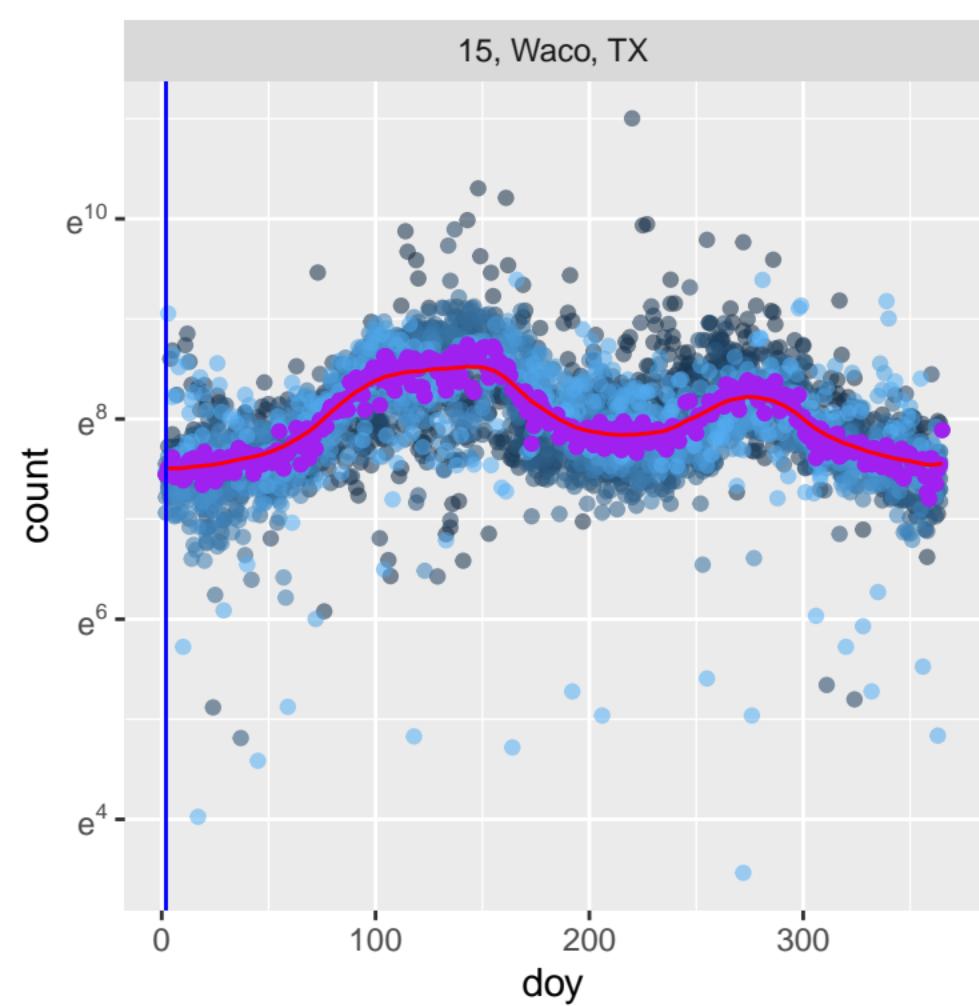

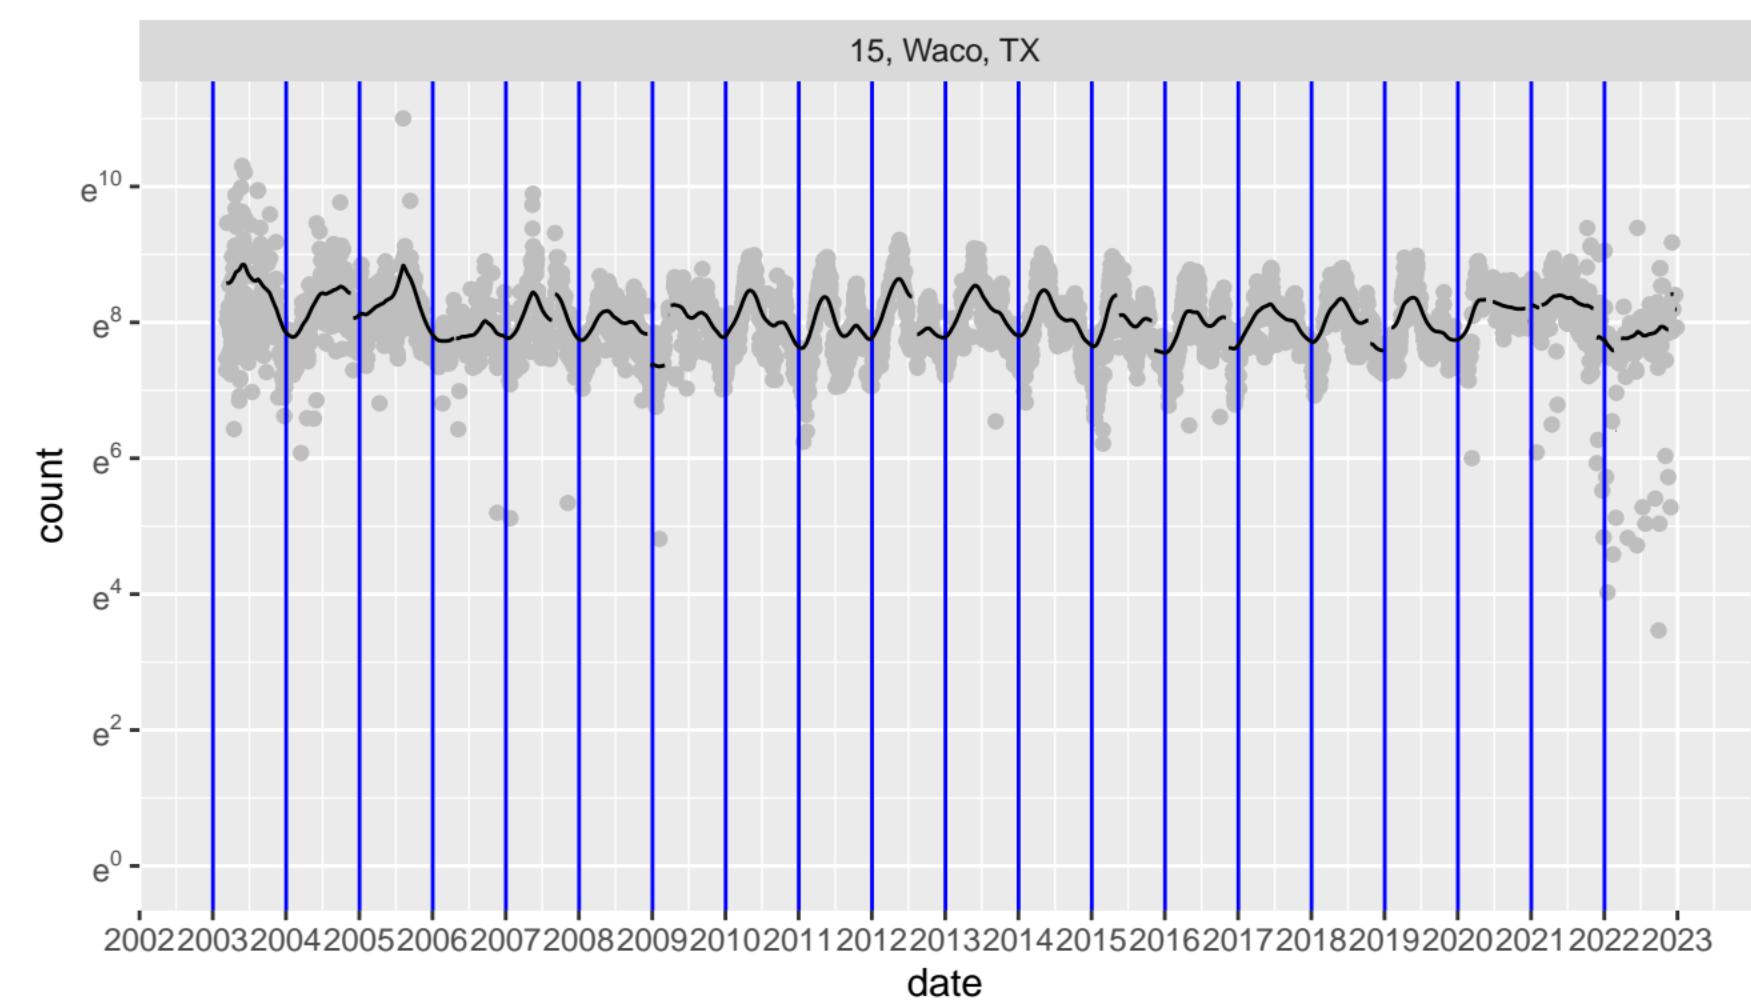

15, Waco, TX

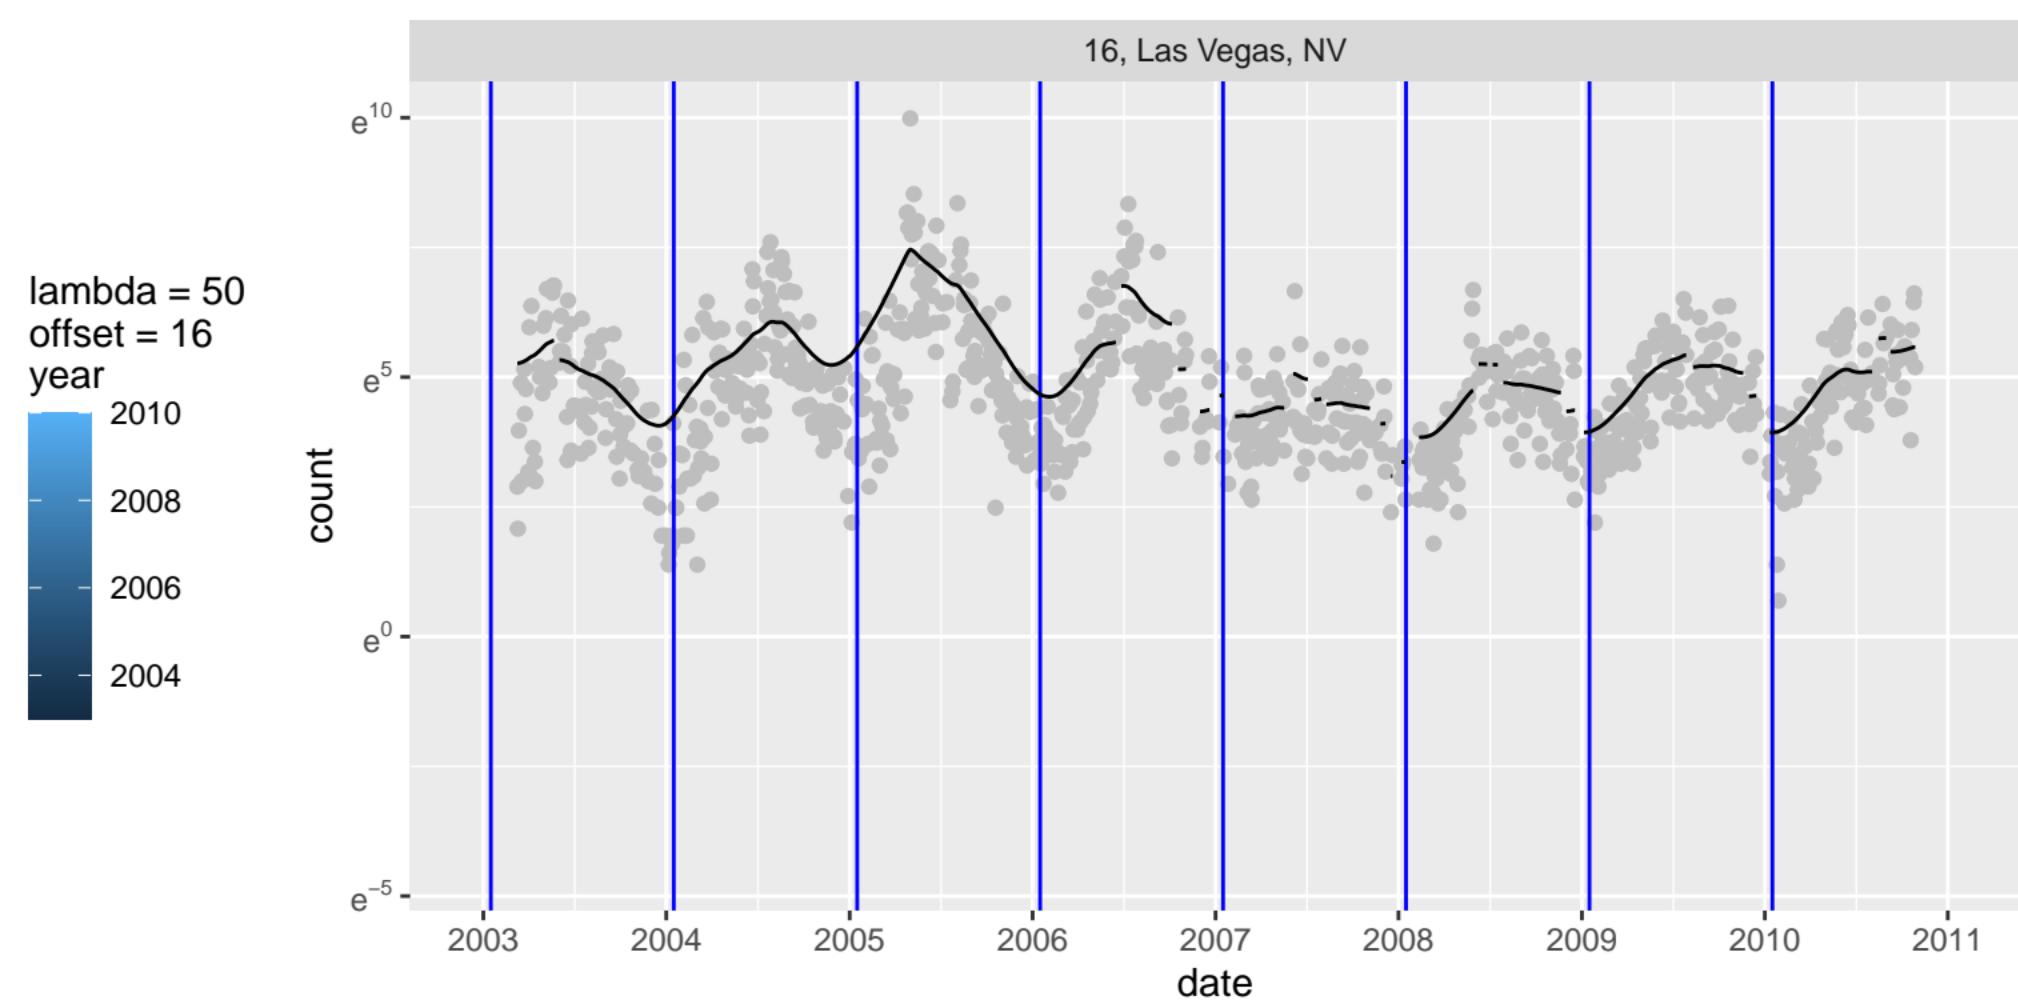

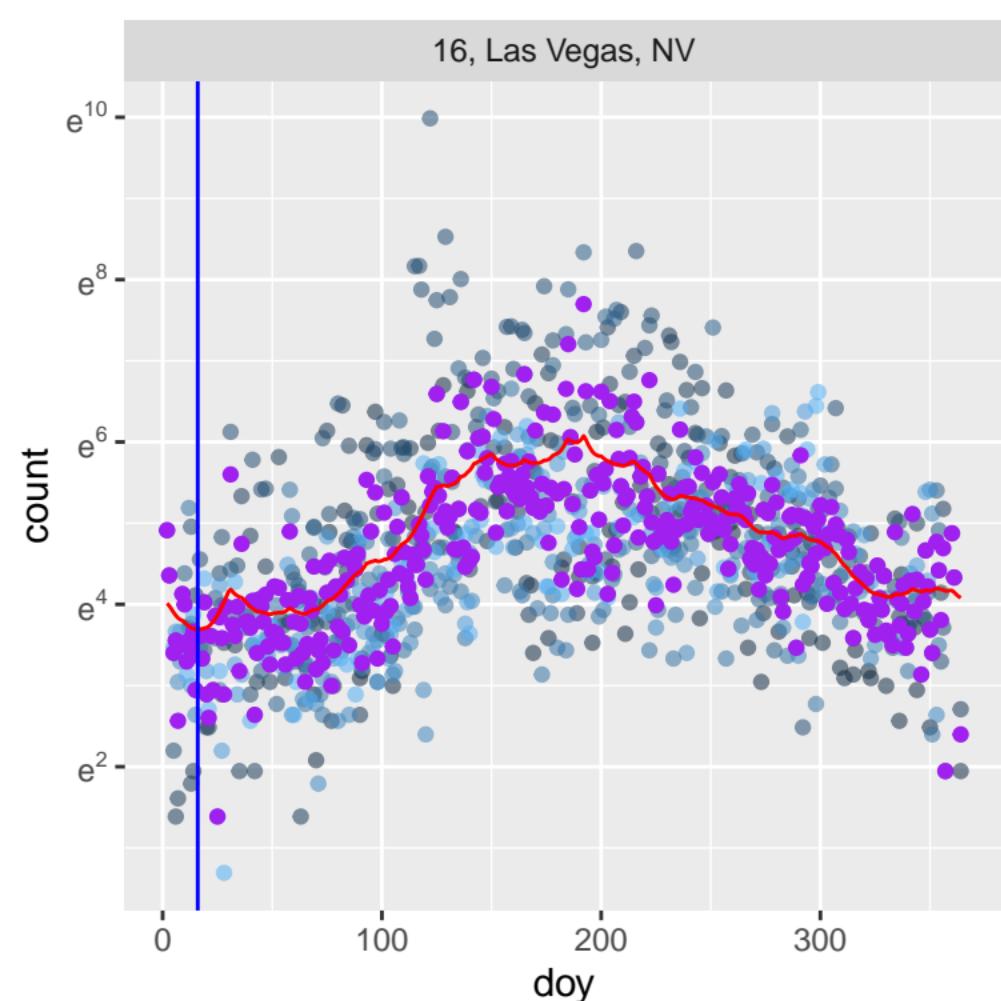

lambda = 100  
offset = 2  
year

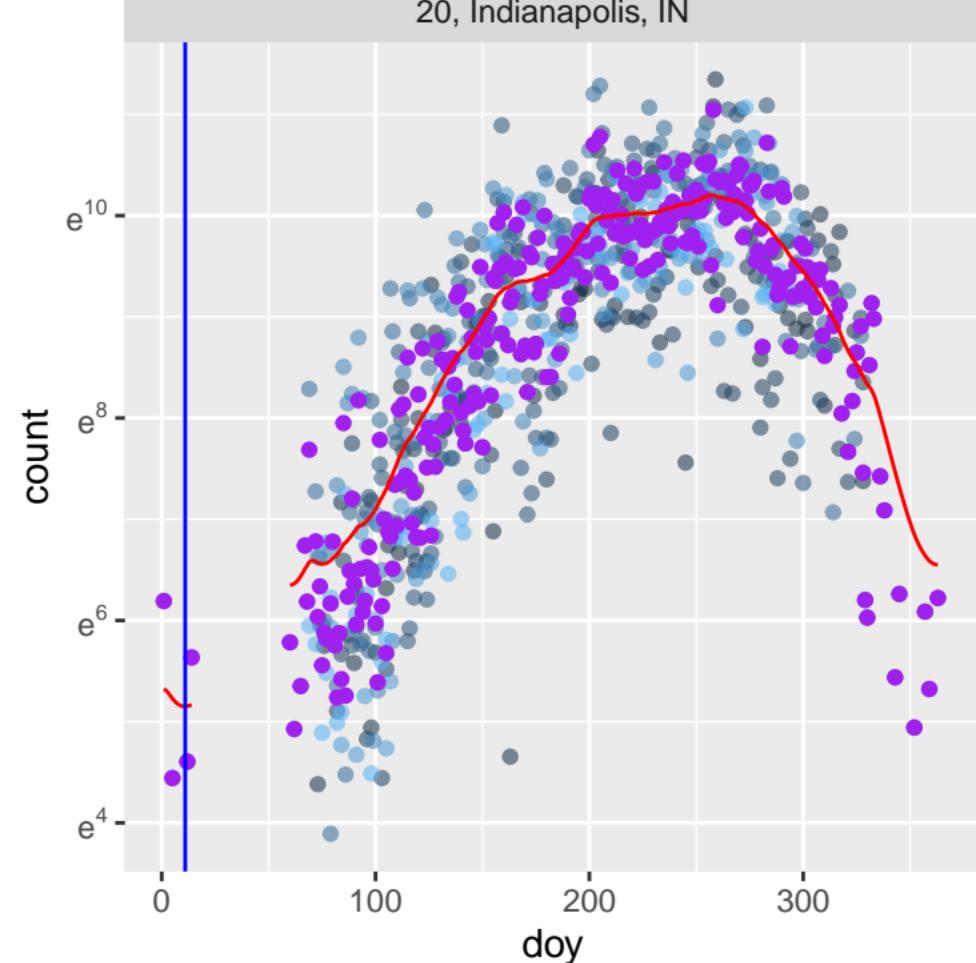

A vertical color bar indicating the year for each data point. The colors transition from dark blue for 2005 to light blue for 2020. The color bar is labeled with the years 2005, 2010, 2015, and 2020.

15, Waco, TX

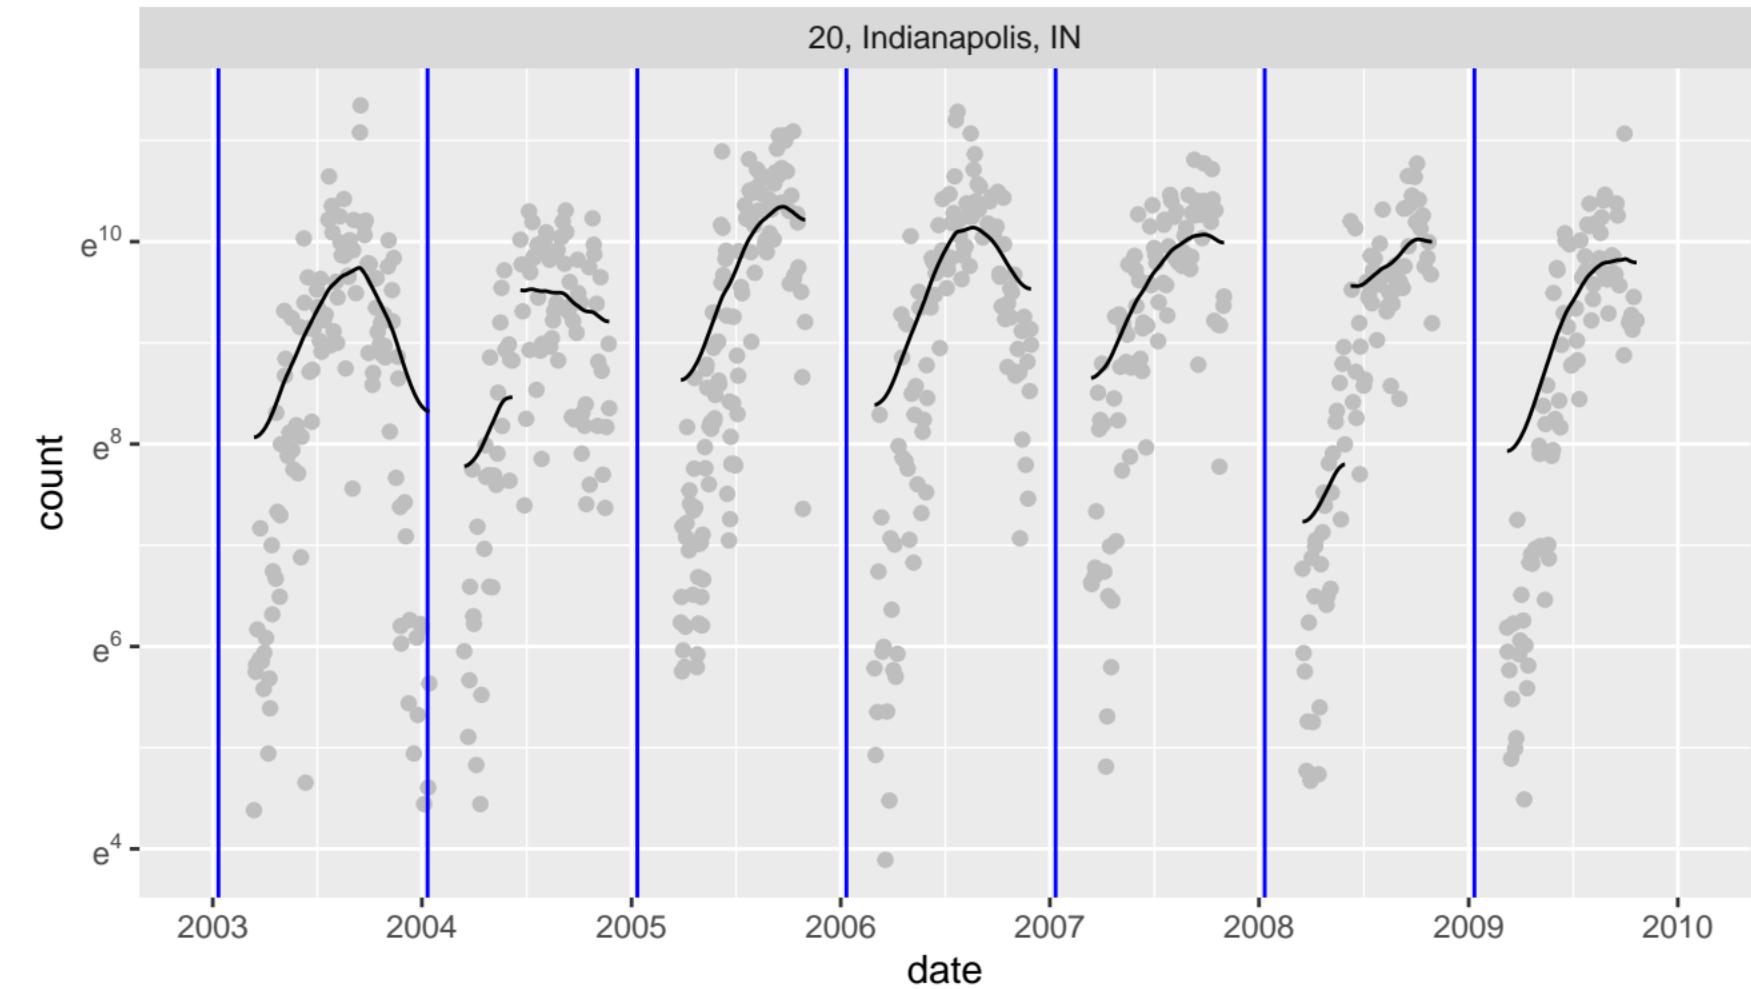

20, Indianapolis, IN

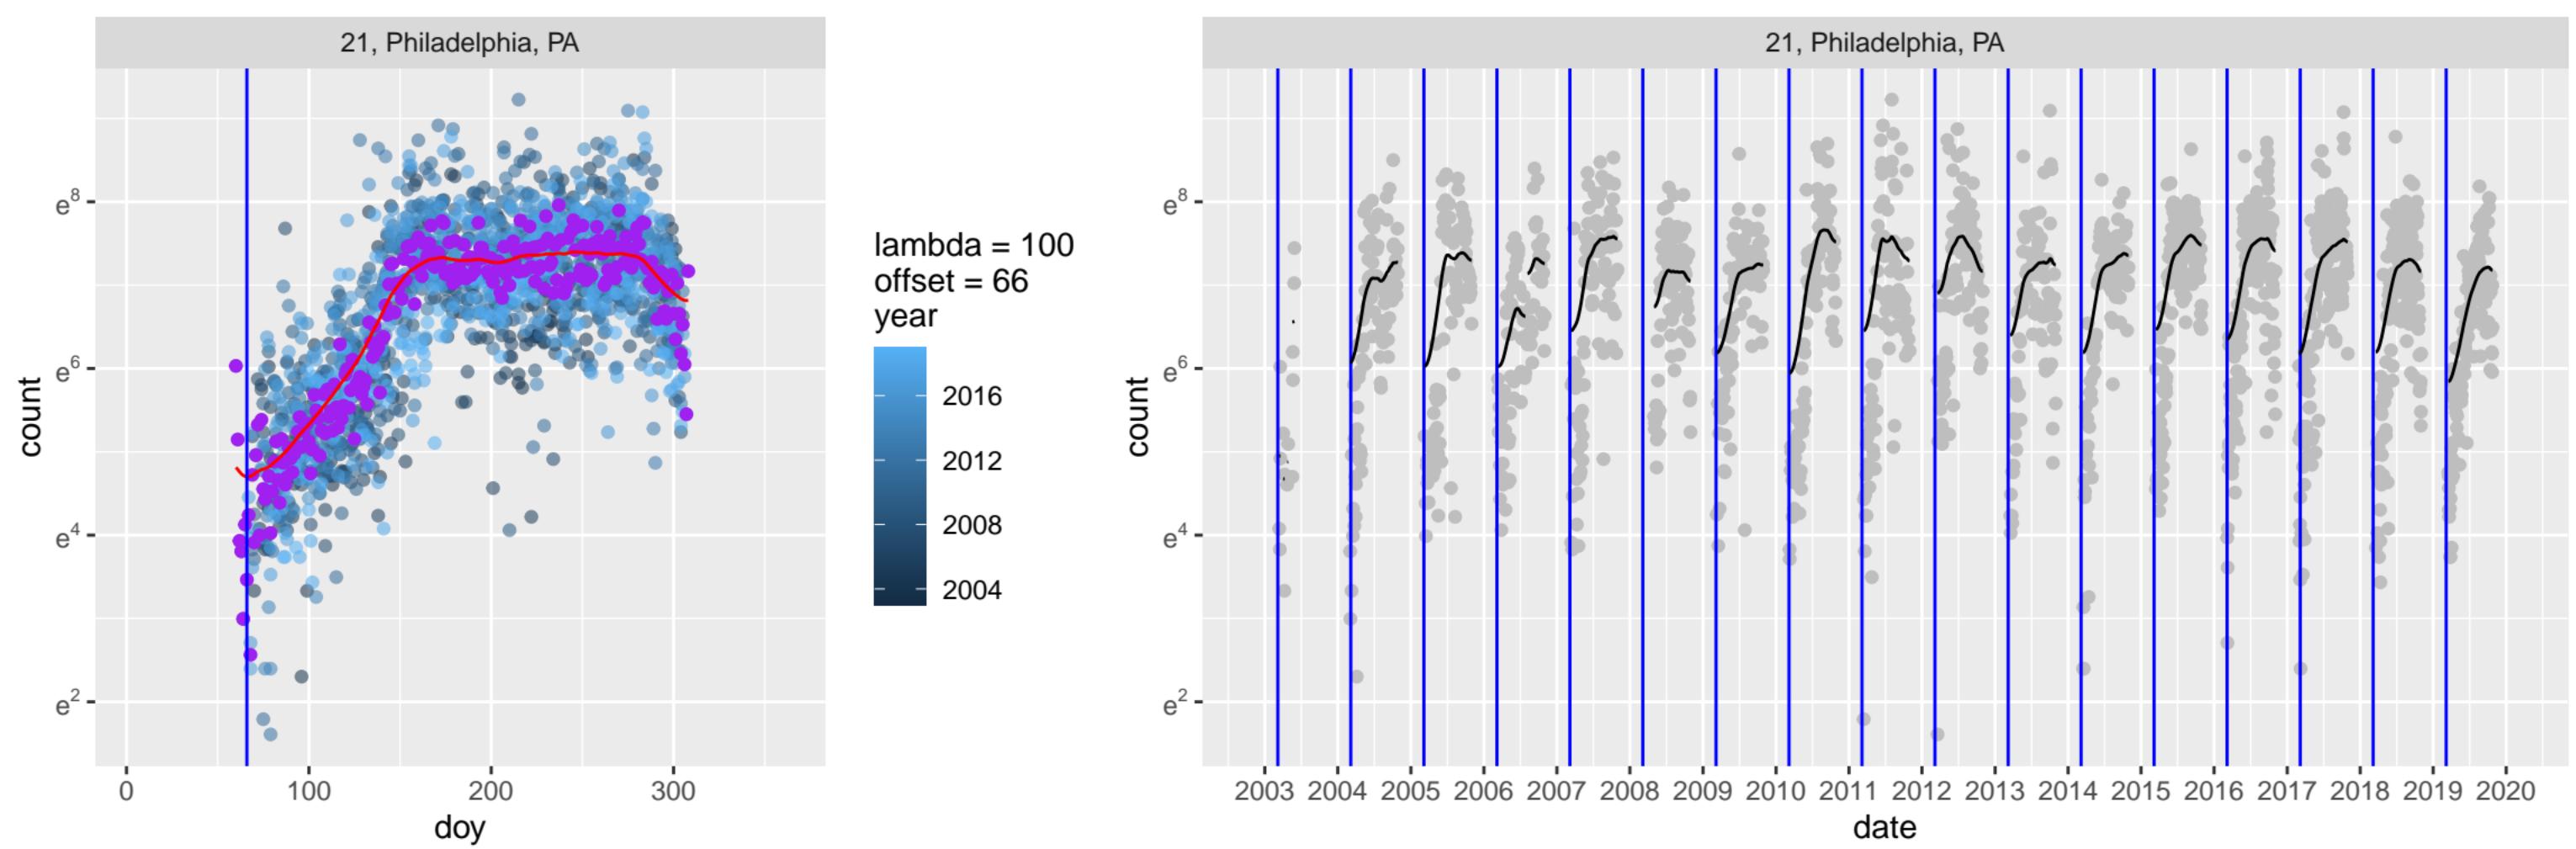

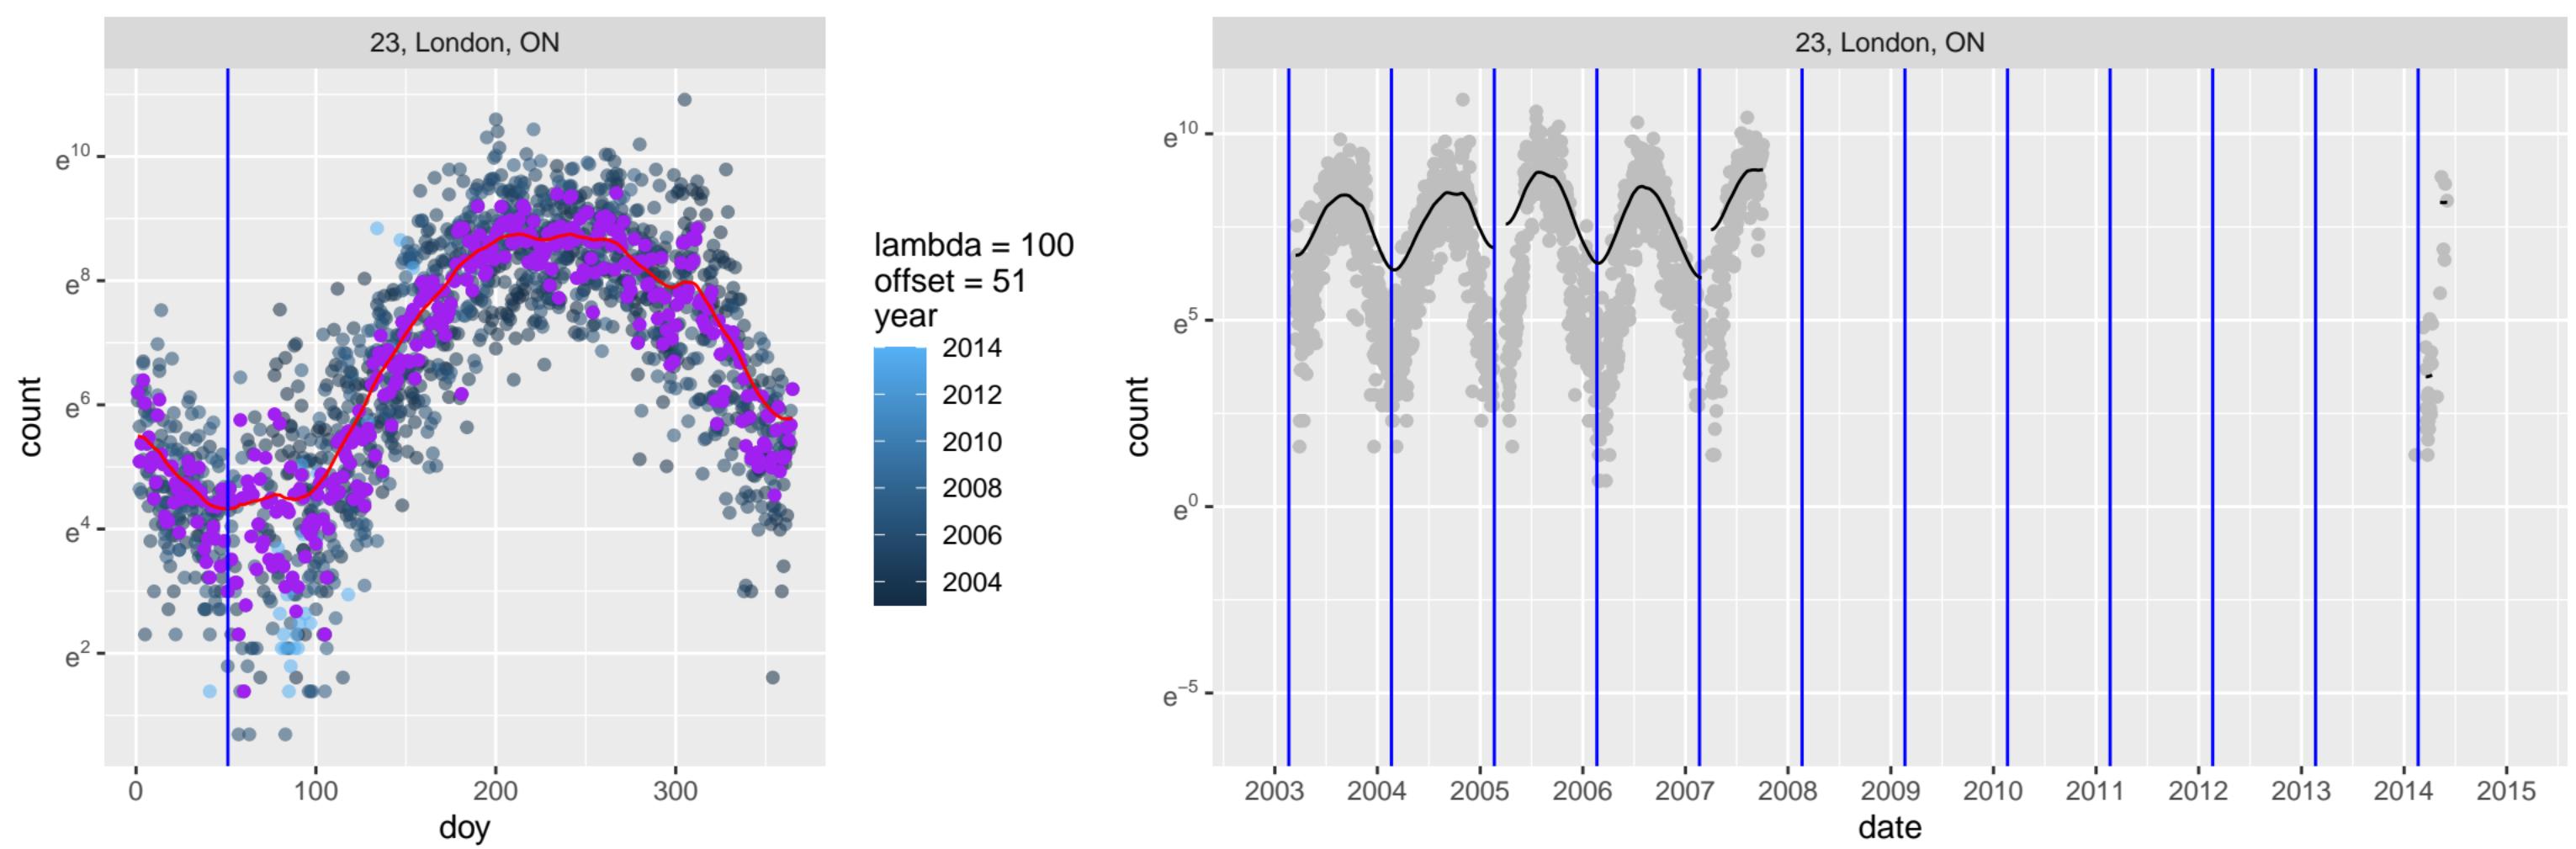

lambda = 100  
offset = 11  
year

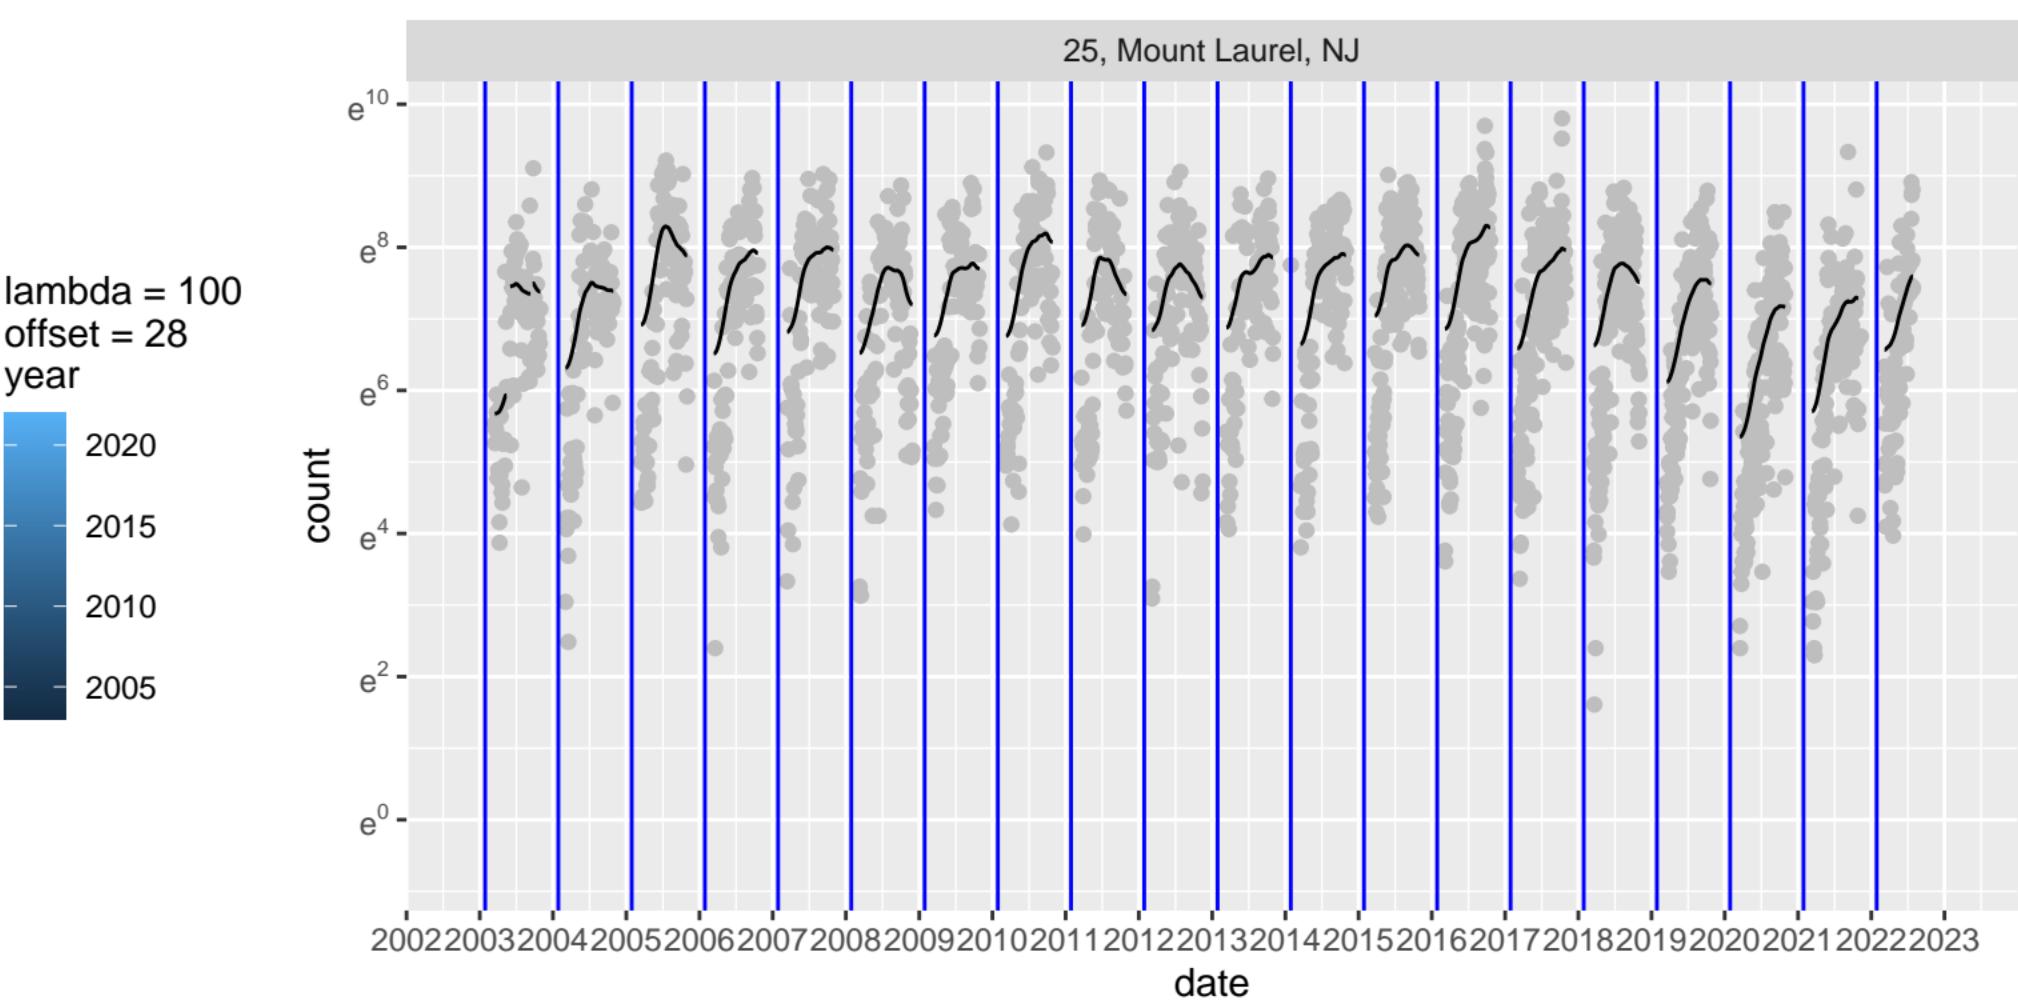

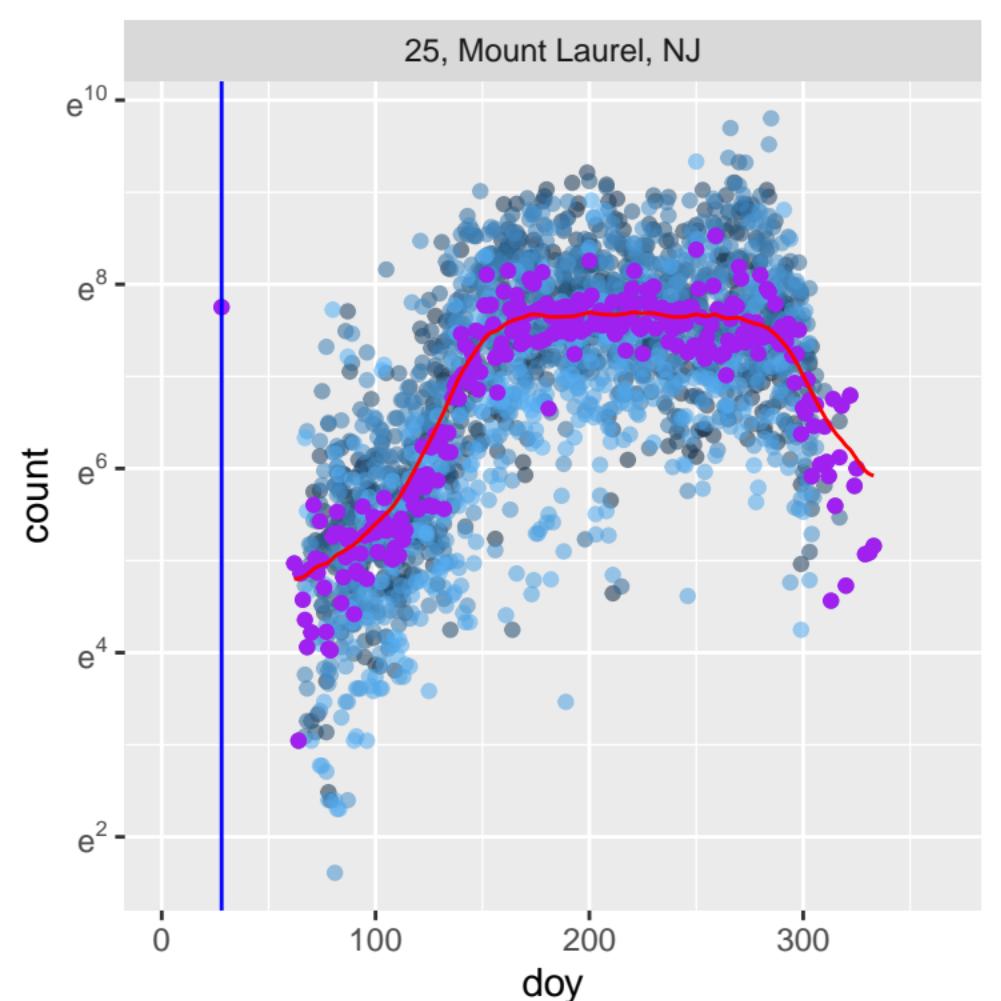

A vertical color bar showing a gradient from dark blue to light blue, corresponding to the years 2003 through 2009. The color bar is labeled with the years 2003, 2004, 2005, 2006, 2007, 2008, and 2009.

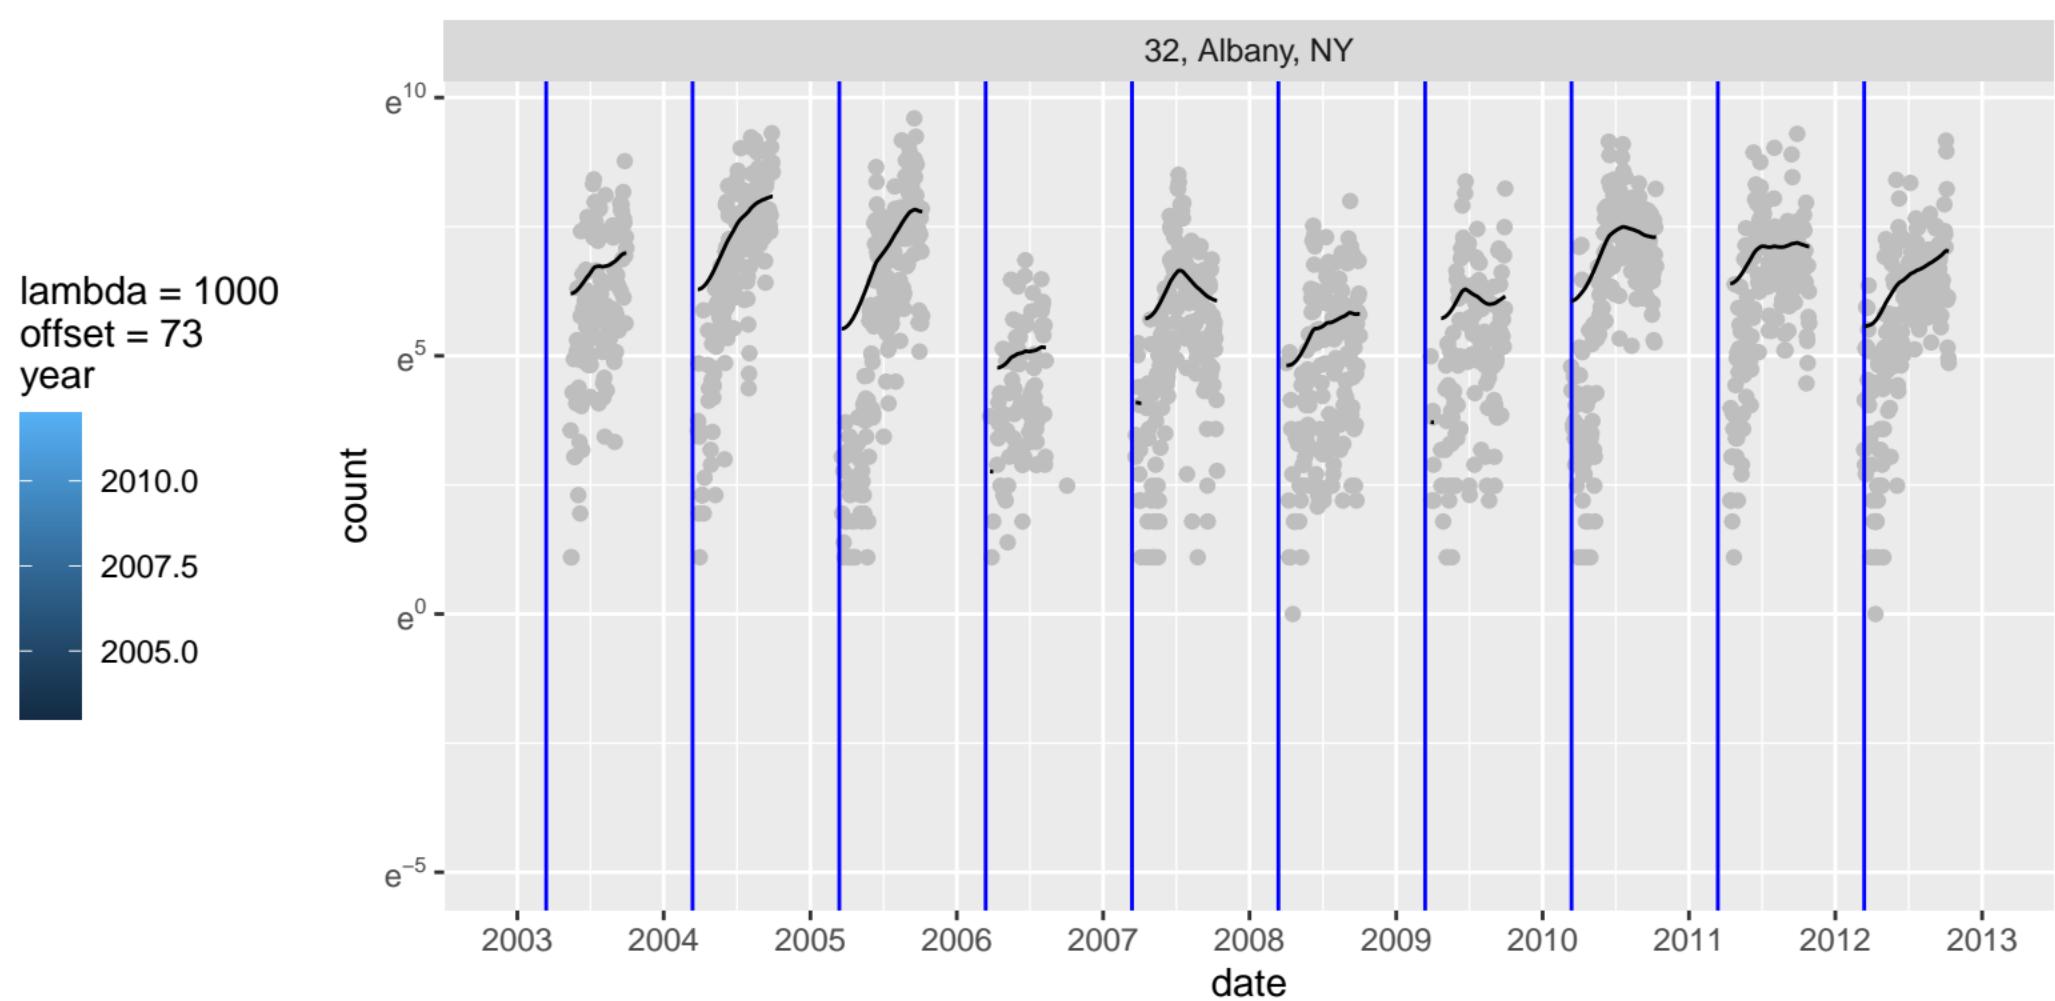

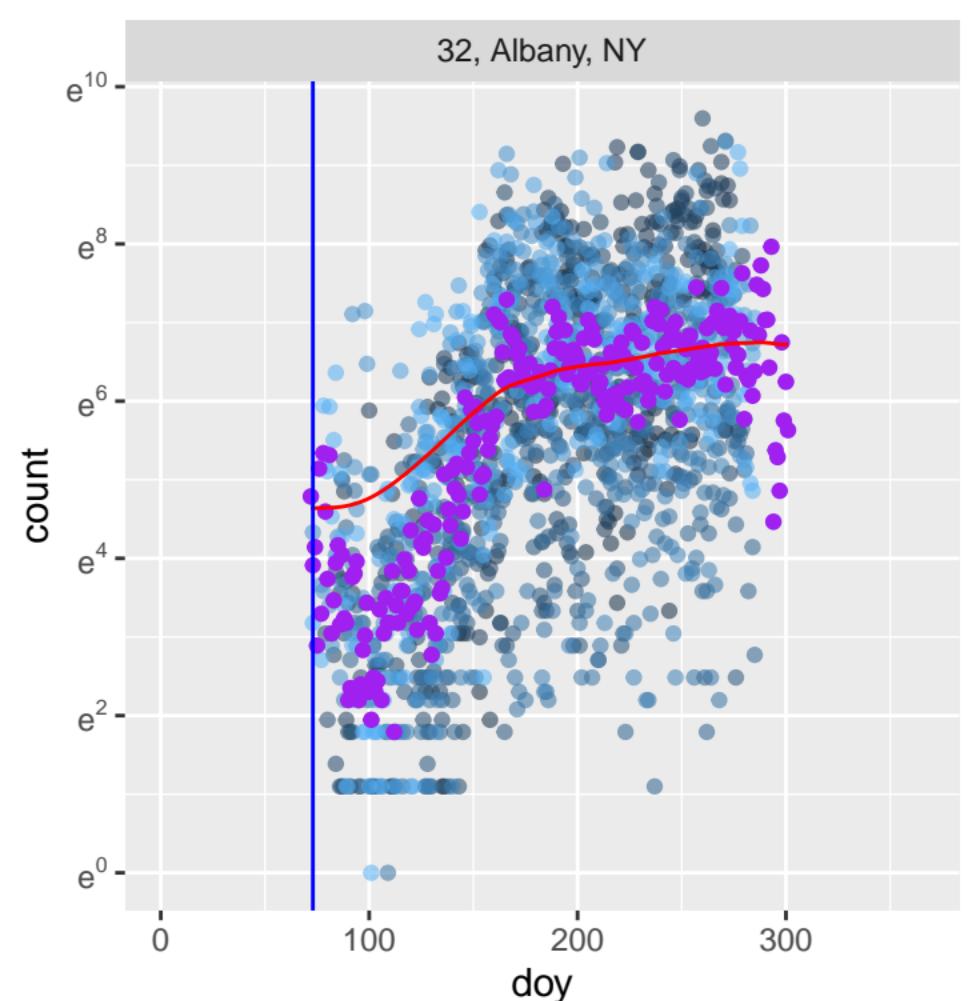

20, Indianapolis, IN

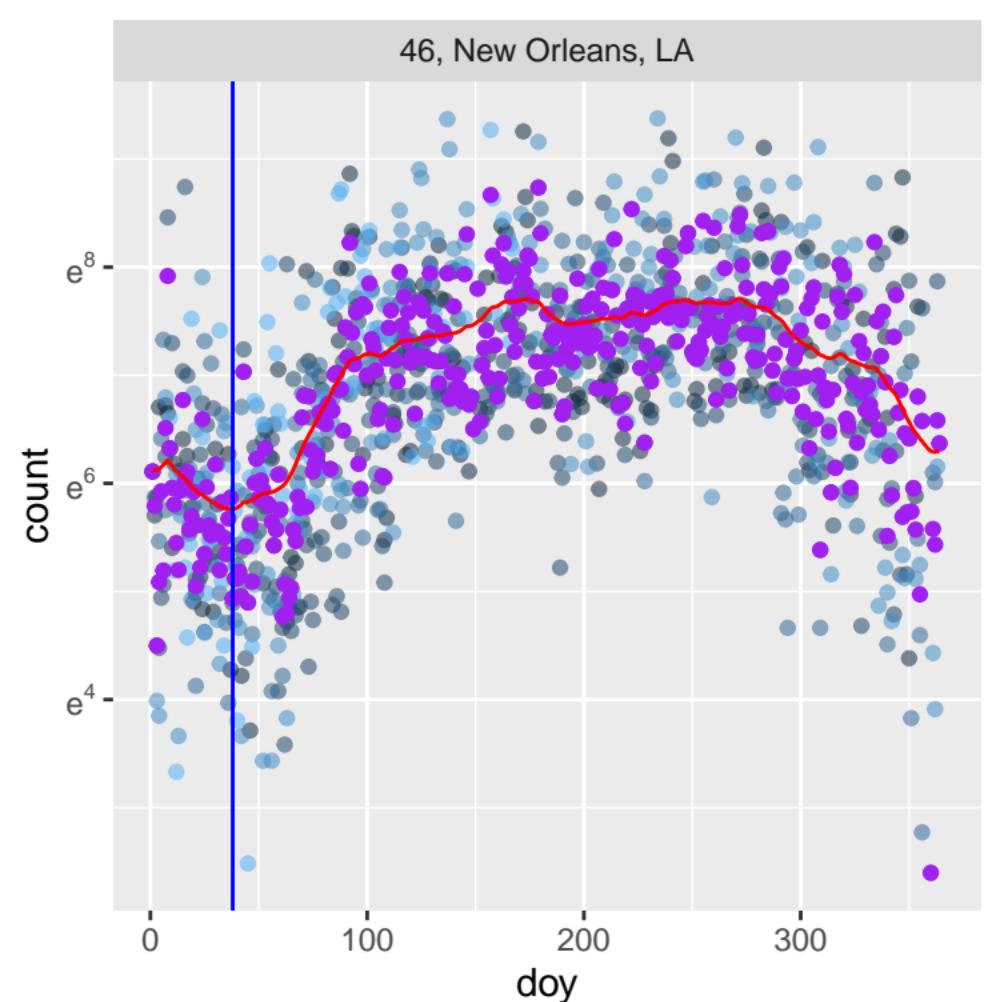

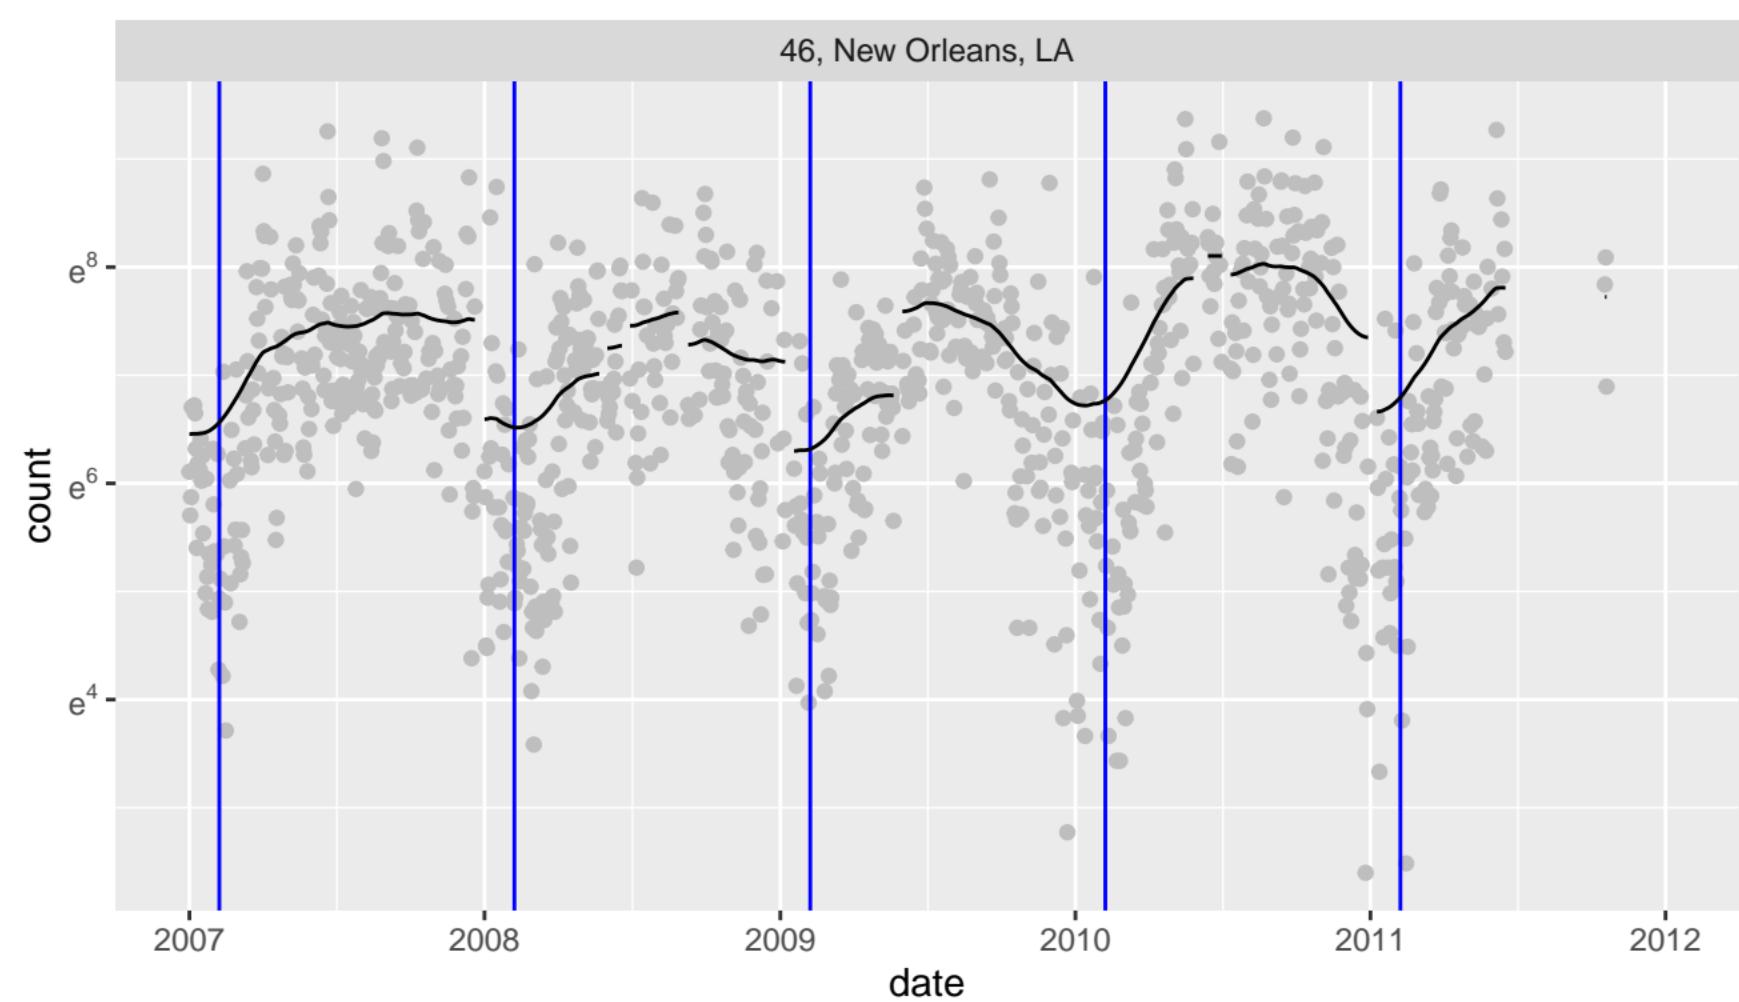

46, New Orleans, LA

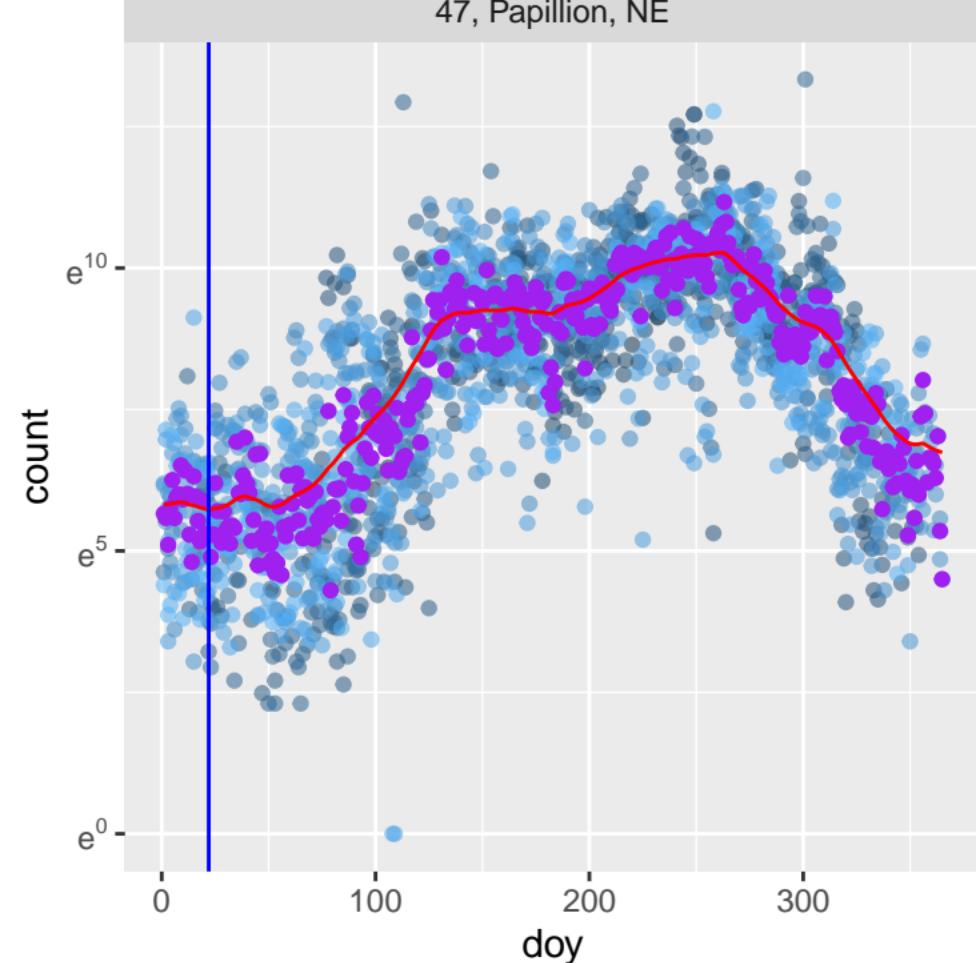

lambda = 100  
offset = 38  
year  
2011  
2010  
2009  
2008  
2007

46, New Orleans, LA

47, Papillion, NE

lambda = 100  
offset = 22  
year

A vertical color bar showing a gradient from dark blue to light blue, representing the years from 2007 to 2022. The labels on the left are 2022, 2019, 2016, 2013, 2010, and 2007.

47, Papillion, NE
